(1) The LYONS were issued at an original price of \$551.26 per \$1,000 principal amount at maturity, representing an aggregate initial issue price of \$303,193,000 and an aggregate principal amount at maturity of \$550,000,000.

(2) This estimate is made pursuant to Rule 457(c) of the Securities Act solely for the purpose of calculating the registration fee. The above calculation is based on the average of the bid and ask prices for the Registrant's LYONS in secondary market transactions executed by Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") of the LYONS on August 20, 2001, as reported to the Registrant by Merrill Lynch.

(3) Also includes such indeterminate number of shares of common stock as may be issued upon conversion of and/or in exchange for LYONS registered hereby, which shares are not subject to an additional fee pursuant to Rule 457(i) of the Securities Act.

THE REGISTRANT HEREBY AMENDS THIS REGISTRATION STATEMENT ON SUCH DATE OR DATES AS MAY BE NECESSARY TO DELAY ITS EFFECTIVE DATE UNTIL THE REGISTRANT SHALL FILE A FURTHER AMENDMENT THAT SPECIFICALLY STATES THAT THIS REGISTRATION STATEMENT SHALL THEREAFTER BECOME EFFECTIVE IN ACCORDANCE WITH SECTION 8(a) OF THE SECURITIES ACT OF 1933 OR UNTIL THE REGISTRATION STATEMENT SHALL BECOME EFFECTIVE ON SUCH DATE AS THE SECURITIES AND EXCHANGE COMMISSION, ACTING PURSUANT TO SAID SECTION 8(a), MAY DETERMINE.

EXPLANATORY NOTE

VISHAY INTERTECHNOLOGY, INC.
LIQUID YIELD OPTION(TM) NOTES DUE 2021
(ZERO COUPON-- SUBORDINATED)
AND
SHARES OF COMMON STOCK ISSUABLE UPON
CONVERSION AND/OR PURCHASE OF THE LYONS

The Offering:

We issued the LYONS in a private placement in June 2001 at an issue price of \$551.26 per LYON (55.126% of the principal amount at maturity). Selling securityholders will use this prospectus to resell their LYONS and the shares of common stock issuable upon conversion and/or purchase by us of their LYONS. We will not pay interest on the LYONS prior to maturity unless contingent interest becomes payable. Instead, on June 4, 2021, the maturity date of the LYONS, a holder will receive \$1,000 per LYON. The issue price of each LYON represents a yield to maturity of 3.00% per year calculated on a semi-annual bond-equivalent basis from June 4, 2001, excluding any contingent interest. The LYONS will be subordinated in right of payment to all of our existing and future senior indebtedness.

Convertibility of the Lyons:

Holder may convert each of their LYONS into 17.6686 shares of our common stock at any time on or before the maturity date. The conversion rate may be adjusted for certain reasons, but will not be adjusted for accrued original issue discount. Our common stock is traded on the New York Stock Exchange under the symbol "VSH." On August 20, 2001, the last reported sale price of our common stock was \$21.97 per share.

Contingent Interest:

We will pay contingent interest to the holders of LYONS during the six-month period commencing June 4, 2006 and during any six-month period thereafter if the average market price of a LYON for a certain measurement period immediately preceding the applicable six-month period equals 120% or more of the sum of the issue price and accrued original issue discount for such LYON. The amount of contingent interest payable during any six-month period will be the sum of any contingent interest payable in the first and second three-month periods during such six-month period. During any three-month period in which contingent interest becomes payable, the contingent interest payable per LYON for such period will be equal to the greater of (1) 0.0625% of the average market price of a LYON for the measurement period referred to above or (2) the sum of all regular cash dividends paid by us per share on our common stock during such three-month period multiplied by the number of shares of common stock issuable upon conversion of a LYON at the then applicable conversion rate. For United States Federal income tax purposes, the LYONS will constitute contingent payment debt instruments. You should read the discussion of selected United States Federal income tax consequences relevant to the LYONS beginning on page 49.

Purchase of the Lyons By Vishay at the Option of the Holder:

Holder may require us to purchase all or a portion of their LYONS on June 4, 2004, 2006, 2011 and 2016 at the prices set forth in "Description of LYONS--Purchase of LYONS by Vishay at Option of the Holder." We may choose to pay the purchase price in cash or in common stock or a combination of cash and common stock. In addition, upon a change in control or delisting event of Vishay on or before June 4, 2006, each holder may require us to repurchase for cash all or a portion of such holder's LYONS.

Redemption of the Lyons at the Option of Vishay:

Vishay may redeem for cash all or a portion of the LYONS at any time on or after June 4, 2006 at the prices set forth in "Description of LYONS--Redemption of LYONS at the Option of Vishay."

Investing in the LYONS involves risks that are described in the "Risk Factors" section beginning on page 16 of this prospectus.

We will not receive any of the proceeds from the sale of the LYONS or shares of common stock by any of the selling securityholders. The LYONS and shares of common stock may be offered in negotiated transactions or otherwise, at market prices prevailing at the time of sale or at negotiated prices. In addition, shares of common stock may be offered from time to time through ordinary brokerage transactions on the New York Stock Exchange. See "Plan of Distribution." The selling securityholders may be deemed to be "underwriters" as defined in the Securities Act of 1933, as amended. Any profits realized by the selling securityholders may be deemed to be underwriting commissions. If the selling securityholders use any broker-dealers, any commissions paid to broker-dealers and, if broker-dealers purchase any LYONS or shares of common stock as principals, any profits received by such broker-dealers on the resale of the LYONS or shares of common stock, may be deemed to be underwriting discounts or commissions under the Securities Act.

Neither the Securities and Exchange Commission, any state securities commission nor any other regulatory body has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2001.

FORWARD LOOKING INFORMATION

Some of the statements in this prospectus and in documents incorporated by reference constitute forward-looking statements. These forward-looking statements reflect our current views with respect to future events or our financial performance, and involve certain known and unknown risks, uncertainties and other factors, including those identified below, which may cause our or our industry's actual or future results, levels of activity, performance or achievements to differ materially from those expressed or implied by any forward-looking statements or from historical results. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "could," "would," "should," "believe," "expect," "plan," "anticipate," "intend," "estimate," "predict," "potential" and other expressions which indicate future events and trends. We do not, nor does any other person, assume responsibility for the accuracy and completeness of any forward-looking statements. We have no duty to update or revise any forward-looking statements after the date of this prospectus or to conform them to actual results, new information, future events or otherwise. All of the forward-looking statements are qualified in their entirety by reference to the factors discussed in the section entitled "Management's Discussion and Analysis of Financial Conditions and Results of Operations" of our most recent Annual Report Form 10-K for the year ended December 31, 2000 and Quarterly Reports on Form 10-Q for the quarter ended March 31, 2001, and June 30, 2001, respectively which describe risks and factors that could cause results to differ materially from those projected in such forward looking statements.

The following factors, among others, could cause our or our industry's future results to differ materially from historical results or those anticipated:

- . overall economic and business conditions;
- . the demand for Vishay's goods and services;
- . the fact that Vishay's customers may cancel orders they have placed with us, in whole or in part, without advance notice;
- . competitive factors in the industries in which Vishay competes;
- . changes in governmental regulation;
- . changes in tax requirements, including tax rate changes, new tax laws and revised tax law interpretations;
- . developments in and results of litigation;
- . interest rate fluctuations, foreign currency rate fluctuations and other capital market conditions;

- . economic and political conditions in international markets, including governmental changes and restrictions on the ability to transfer capital across borders;
- . the timing, impact and other uncertainties of pending and future acquisitions by Vishay; and
- . the ability to achieve anticipated synergies and other cost savings in connection with such pending and future acquisitions.

These factors and the risk factors described in this document are not necessarily all of the important factors that could cause actual results, performance or achievements to differ materially from those expressed in any of our forward-looking statements. We operate in a continually changing business environment, and new risk factors emerge from time to time. Other unknown or unpredictable factors also could have material adverse effects on our future results, performance or achievements. We cannot assure you that projected results or events will be achieved or will occur.

SUMMARY

The following summary is qualified in its entirety by the more detailed information included elsewhere or incorporated by reference in this prospectus. Because this is a summary, it may not contain all the information that may be important to you.

Vishay Intertechnology, Inc.

Vishay is a leading worldwide manufacturer and supplier of electronic components. Vishay is the largest manufacturer of passive electronic components (resistors, capacitors and inductors) in the United States and Europe and one of the largest producers in the U.S. and Europe of discrete active electronic components (diodes, optoelectronics and transistors), infrared data communication devices, and power and analog switching integrated circuits. Vishay manufactures electronic components at its facilities in the U.S. and thirteen other countries in Europe, Asia and Latin America.

Vishay manufactures one of the broadest lines of passive and active components in the electronics industry. In response to many customers' on-going efforts to reduce the number of vendors from whom they purchase electronic components, Vishay has developed a broad product line that enables it to be a "total solutions provider." Components manufactured by Vishay are used in virtually all types of electronic products, including:

- . wireless telephones and other telecommunications equipment;
- . information technology hardware;
- . automotive electronic systems;
- . industrial and commercial products; and
- . systems and instruments for satellite, aerospace and military applications.

Vishay's long-term objective is to expand its position as a low-cost producer of a comprehensive line of electronic components. Vishay's growth strategy includes:

- . expansion of sales and range of products, primarily through acquisitions of manufacturers with established positions in major markets, reputations for product quality and reliability and product lines with which Vishay has substantial marketing and technical expertise;
- . development of new products, manufacturing process technology and product technology;

- . achievement of significant production cost savings through the transfer and expansion of manufacturing operations to countries such as Israel, Mexico, Portugal, the Czech Republic, Taiwan and China, which offer lower labor costs and tax and other government-sponsored incentives;
- . reduction in selling, general and administrative expenses through the elimination of redundant sales offices and administrative functions; and
- . enhancement of service and responsiveness to customers by manufacturing in those regions where Vishay markets the bulk of its products.

Vishay was incorporated in Delaware in 1962 and maintains its principal executive offices at 63 Lincoln Highway, Malvern, Pennsylvania 19355-2120. Its telephone number is (610) 644-1300.

Recent Developments

On May 25, 2001, the Company commenced an offer to exchange 1.5 shares of its common stock for each share of common stock of its Siliconix incorporated subsidiary not already owned by the Company. The Company owns 80.4% of Siliconix's outstanding shares. This exchange offer expired at 5:00 PM on July 5, 2001. The exchange offer was conditioned on the tender of a majority of the shares of Siliconix not already owned by the Company. Because only approximately 40% of the publicly held shares of Siliconix common stock were tendered pursuant to the offer, the offer terminated in accordance with its terms on July 5, 2001.

On April 25, 2001, Siliconix filed a patent infringement lawsuit against General Semiconductor, Inc. The suit was filed in the United States District Court for the Northern District of California and alleged that certain General Semiconductor products infringe two patents held by Siliconix. On July 2, 2001, General Semiconductor filed and served its answer to Siliconix's complaint and asserted counterclaims against Siliconix. On August 3, 2001, Siliconix filed a motion to dismiss or strike certain affirmative defenses alleged by General Semiconductor in its answer and to dismiss or strike down all of General Semiconductor's counterclaims. This motion is scheduled to be heard on September 14, 2001.

On July 30, 2001, the Company announced the completion of its acquisition of the infrared components business of Infineon Technologies AG for approximately \$120 million. Vishay will assume Infineon's development, marketing and distribution activities at Infineon's San Jose, California location and Infineon's production facility in Krubong, Malaysia. In fiscal year 2000, Infineon's infrared components business had revenues of approximately \$133 million.

On July 31, 2001, the Company signed a merger agreement with General Semiconductor, pursuant to which Vishay will acquire General Semiconductor in a stock-for-stock, tax-free merger. In the merger, each share of common stock of General Semiconductor will be exchanged for 0.563 shares of Vishay's common stock. General Semiconductor designs, manufactures and sells a broad array of power management semiconductor products, including low-to-medium power rectifiers, transient voltage suppressors (TVS), small signal transistors, diodes and

MOSFETs. In the year 2000, General Semiconductor had net sales of approximately \$494 million. The transaction is subject to customary regulatory review, approval by the stockholders of General Semiconductor and the approvals of Vishay's stockholders referred to in the following paragraph.

In connection with the proposed acquisition of General Semiconductor, Vishay will solicit the vote of its stockholders to increase the authorized capital stock of Vishay and to approve the issuance of Vishay shares in the merger with General Semiconductor. Under the proposal to increase Vishay's authorized capital stock, the authorized common stock would be increased from 150 million shares to 300 million shares and the authorized Class B common stock would be increased from 20 million shares to 40 million shares. Holders of Vishay's Class B convertible common stock who collectively control approximately 54% of Vishay's outstanding voting power have agreed to vote in favor of these proposals.

At the current time, there are not a sufficient number of authorized but unissued shares of Vishay common stock available for issuance upon conversion of the Class B common stock, conversion of the LYONs and exercise of all outstanding options. Holders of 11,886,200 shares of Class B common stock have agreed not to convert their shares until there are a sufficient number of authorized but unissued shares of common stock for them to do so. If the proposal to increase the authorized capital stock of Vishay is approved, Vishay will have sufficient authorized but unissued shares of common stock for all these purposes, as well as for issuance of shares in the merger with General Semiconductor.

THE OFFERING

LYONS	\$550,000,000 aggregate principal amount at maturity of LYONS due June 4, 2021. Vishay will not pay interest on the LYONS prior to maturity unless contingent interest becomes payable. Each LYON has been issued at a price of \$551.26 per LYON and has a principal amount at maturity of \$1,000.
Maturity of LYONS	June 4, 2021.
Yield to Maturity of LYONS	3.0% per year (computed on a semi-annual bond equivalent basis) calculated from June 4, 2001, excluding any contingent interest.
Subordination	The LYONS are subordinated in right of payment to all of our existing and future senior indebtedness and will effectively be subordinated to all existing and future liabilities of our subsidiaries. The indenture under which the LYONS are issued does not limit the ability of Vishay and its subsidiaries to incur additional indebtedness. See "Description of LYONS--Subordination of LYONS."
Original Issue Discount	Vishay issued the LYONS at an issue price significantly below the principal amount at maturity of the LYONS. The difference between the issue price and the principal amount at maturity of a LYON is referred to as original issue discount. This original issue discount accrues daily at a rate of 3.00% per year beginning on June 4, 2001, calculated on a semi-annual bond equivalent basis, using a 360-day year comprised of twelve 30 day months. The accrual of imputed interest income, also referred to as tax original issue discount, as calculated for United States Federal income tax purposes, will exceed the accrued original issue discount. See "Certain United States Federal Income Tax Consequences--Accrual of Interest on the LYONS."
Conversion Rights	Holder may convert the LYONS at any time on or before close of business on the second business day immediately preceding the maturity date, unless the LYONS have been previously redeemed or purchased. For each LYON converted, Vishay will

deliver 17.6686 shares of our common stock. The LYONs will not be convertible into shares of our Class B common stock. See "Risk Factors--Risk Factors Related to Vishay--Risks Related to Vishay's Capital Structure--The holders of Class B common stock have voting control of Vishay" and "Description of Capital Stock."

The conversion rate may be adjusted for certain reasons specified in the indenture, but will not be adjusted for accrued original issue discount. Upon conversion, a holder will not receive any cash payment representing accrued original issue discount or accrued tax original issue discount. Instead, accrued original issue discount and accrued tax original issue discount will be deemed paid by the shares of common stock received by the holder on conversion. See "Description of LYONs--Conversion Rights."

Contingent Interest

Vishay will pay contingent interest to the holders of LYONs during any six-month period from June 4 to December 3 and from December 4 to June 3, with the initial six-month period commencing June 4, 2006, if the average market price of a LYON for the five trading days ending on the third trading day immediately preceding the first day of the applicable six-month period equals 120% or more of the sum of the issue price and accrued original issue discount for such LYON. Notwithstanding the above, if Vishay declares a dividend for which the record date falls prior to the first day of a six-month period but the payment date falls within such six-month period, then the five trading day period for determining the average market price of a LYON will be the five trading days ending on the third trading day immediately preceding such record date.

The amount of contingent interest payable during any six-month period will be the sum of any contingent interest payable in the first and second three-month periods during such six-month period. During any three-month period when contingent interest shall be payable, the contingent interest payable per LYON for such period will be equal to the greater of (1)

0.0625% of the average market price of a LYON for the measurement period referred to above or (2) the sum of all regular cash dividends paid by us per share on our common stock during such three-month period multiplied by the number of shares of common stock issuable upon conversion of a LYON at the then applicable conversion rate.

Contingent interest, if any, will be payable to holders of LYONs as of the 15th day preceding the last day of the relevant six-month period or, if Vishay pays a regular cash dividend on our common stock during the relevant six-month period, to holders of LYONs as of the record date for the related common stock dividend. We will make contingent interest payments on the last day of the relevant six-month period or, if we pay a regular cash dividend on our common stock during the relevant six-month period, on the payment date of the related common stock dividend. The original issue discount will continue to accrue at the yield to maturity whether or not contingent interest is paid.

Tax Original Issue Discount

The LYONs are debt instruments subject to the United States Federal income tax contingent payment debt regulations. You should be aware that, even if we do not pay any contingent interest on the LYONs, you will be required to include interest in your gross income for United States Federal income tax purposes. This imputed interest, also referred to as tax original issue discount, will accrue at a rate equal to 9.28% per year, computed on a semi-annual bond equivalent basis, which represents the yield on our noncontingent, nonconvertible, fixed-rate debt with terms otherwise similar to the LYONs. The rate at which the tax original issue discount will accrue for United States Federal income tax purposes will exceed the stated yield of 3.00% for the accrued original issue discount.

You will also recognize gain or loss on the sale, exchange, conversion or redemption of a LYON in an amount equal to the difference between the amount realized on the sale, exchange, conversion or redemption, including the fair market value of any common stock received upon conversion or

otherwise, and your adjusted tax basis in the LYON. Any gain recognized by you on the sale, exchange, conversion or redemption of a LYON generally will be ordinary interest income; any loss will be ordinary loss to the extent of the interest previously included in income, and thereafter, capital loss. See "Certain United States Federal Income Tax Consequences."

Purchase of LYONS by Vishay
at the Option of the Holder

Holders may require us to purchase all or a portion of their LYONS on the following dates at the following prices:

- . on June 4, 2004 for a price equal to \$602.77 per LYON;
- . on June 4, 2006 for a price equal to \$639.76 per LYON;
- . on June 4, 2011 for a price equal to \$742.47 per LYON; and
- . on June 4, 2016 for a price equal to \$861.67 per LYON.

We may choose to pay the purchase price in cash, common stock (based on the prevailing market price thereof) or a combination of cash and common stock. See "Description of LYONS--Purchase of LYONS by Vishay at the Option of the Holder."

Change in Control
or Delisting Event

Upon a change in control or delisting event (which we refer to as "trigger events") of Vishay occurring on or before June 4, 2006, each holder may require us to repurchase all or a portion of such holder's LYONS for cash at a price equal to 100% of the issue price for such LYONS plus accrued original issue discount to the date of repurchase. See "Description of LYONS--Change in Control or Delisting Event Permits Purchase of LYONS at the Option of the Holder."

Redemption of LYONS
at the Option of Vishay

We may redeem all or a portion of the LYONS for cash at any time on or after June 4, 2006 at the

redemption prices set forth in
"Description of LYONs--Redemption of LYONs
at the Option of Vishay."

Sinking Fund

None.

Use of Proceeds

We will not receive any of the proceeds
from the sale by the selling
securityholders of the LYONs or our common
stock using this prospectus. See "Use of
Proceeds."

DTC Eligibility

The LYONs have been issued in book-entry
form and are represented by permanent
global certificates without coupons
deposited with a custodian for and
registered in the name of a nominee of DTC
in New York, New York. Beneficial
interests in any such securities are shown
on, and transfers are effected only
through, records maintained by DTC and its
direct and indirect participants, and any
such interest may not be exchanged for
certificated securities, except in limited
circumstances. See "Description of
LYONs--Book-Entry System."

Trading

The LYONs issued in the initial private
placement are eligible for trading in the
PORTAL system. LYONs resold using this
prospectus, however, will no longer be
eligible for trading in the PORTAL system.
Our common stock is traded on the New York
Stock Exchange under the symbol "VSH."

RISK FACTORS

Prospective investors should carefully consider the following information with the other information contained or incorporated by reference in this prospectus before purchasing the LYON or our common stock.

Risk Factors Relating to Vishay

Our business is cyclical and current softness in the electronic component industry may continue and may become more pronounced.

Vishay and others in the electronic and semiconductor component industry have recently experienced softness in product demand on a global basis, resulting in order cancellations and deferrals. This softness is primarily attributable to a slowing of growth in the personal computer and cell phone product markets. This slowdown may continue and may become more pronounced. Such a slowdown in demand, as well as recessionary trends in the global economy in general or in specific countries or regions where we sell the bulk of our products, such as the U.S., Germany, France or the Pacific Rim, makes it more difficult for us to predict our future sales, which also makes it more difficult to manage our operations, and could adversely impact our results of operations. In the past, adverse economic trends that resulted in a slowdown in demand for electronic components materially and adversely impacted Vishay's results of operations. A decrease in the current demand for Vishay's products, or an increase in supply due to the expansion of production capacity by Vishay's competitors could cause a significant drop in our average sales prices, which could, in turn, cause a reduction in Vishay's gross margins and operating profits. In addition, at the initial stage of a business cycle increased efforts by distributors to sell inventory remaining from the prior cycle may cause average selling prices to decrease. Vishay's published second quarter 2001 operating results reflect some of these industry trends. For example, during the first half of 2001 restructuring costs were \$35.3 million as a result of Vishay's accelerated effort to streamline operations in response to the continued weakness in the electronic components market at the time, and Vishay estimates that additional restructuring costs during 2001 will be approximately \$35 million.

Vishay's backlog is subject to customer cancellation.

Many of the orders that comprise Vishay's backlog may be canceled by customers without penalty. Customers may on occasion double and triple order components from multiple sources to ensure timely delivery when backlog is particularly long. Customers often cancel orders when business is weak and inventories are excessive, a phenomenon that Vishay has experienced in the current economic slowdown. Therefore, Vishay cannot be certain the amount of its backlog does not exceed the level of orders that will ultimately be delivered. Vishay's results of operations could be adversely impacted if customers cancel a material portion of orders in Vishay's backlog.

In the past Vishay has grown through acquisitions but this may not continue.

Vishay's long-term historical growth in revenues and net earnings has resulted in large part from its strategy of expansion through acquisitions. However, we cannot assure you that Vishay will identify or succeed in consummating transactions with suitable acquisition candidates in the future. We can also give you no assurance that acquisitions that Vishay consummates in the future will be successful. If an acquired business, such as the acquisition currently underway to acquire General Semiconductor, fails to operate as anticipated or cannot be successfully integrated with Vishay's other businesses, Vishay's results of operations, enterprise value, market value and prospects could all be materially and adversely affected.

If Vishay were to undertake a substantial acquisition for cash, the acquisition would likely need to be financed in part through bank borrowings or the issuance of public or private debt. This could decrease Vishay's ratio of earnings to fixed charges and adversely affect other leverage criteria. Under our existing credit facility we are required to secure any borrowings by pledges of our stock interest in, and obtain certain guarantees from, certain of our significant subsidiaries. In addition, this credit facility restricts us from paying cash dividends on our capital stock, requires us to comply with other covenants including the application of specific financial ratios and requires us to obtain the lenders' consent for certain additional debt financing (such as the LYONs offered hereby). We cannot assure you that the necessary acquisition financing would be available to Vishay when required on acceptable terms. If Vishay were to undertake an acquisition for equity, the acquisition may have a dilutive effect on the interests of the holders of Vishay common stock.

To remain successful, Vishay must continue to innovate.

Vishay's future operating results are dependent on its ability to continually develop, introduce and market new and innovative products, to modify existing products, to respond to technological change and to customize certain products to meet customer requirements. There are numerous risks inherent in this process, including the risks that Vishay will be unable to anticipate the direction of technological change or that Vishay will be unable to develop and market new products and applications in a timely fashion to satisfy customer demands. If this occurs, Vishay could lose customers and experience adverse effects on its financial condition, results of operation and prospects.

Vishay's results are sensitive to raw material availability, quality and cost.

Many of Vishay's products require the use of raw materials which are produced in only a limited number of regions around the world or are available from only a limited number of suppliers. Vishay's results of operations may be adversely affected if Vishay has difficulty obtaining these raw materials, the quality of available raw materials deteriorates or there are significant price increases for these raw materials. For example, the prices for tantalum and palladium, two raw materials we use in our capacitors, are subject to fluctuation. For periods in which the prices of these raw materials are rising we may be unable to pass on the increased cost to our customers and thereby experience decreased margins for the products in which they are

used. For periods in which the prices are declining, we may be required to write down our inventory carrying cost of these raw materials which, depending on the extent of the difference between market price and our carrying cost, could have a material adverse effect on our net earnings. In addition, from time to time there have been short-term market shortages of these raw materials. While these shortages have not historically adversely affected our ability to increase production of products containing these raw materials, they have historically resulted in higher raw material costs for us. We cannot assure that any such market shortages in the future would not adversely affect our ability to increase production, particularly during periods of growing demand for our products.

Vishay is a major consumer of the world's annual production of tantalum, a material used in the manufacture of tantalum capacitors. There are currently three major suppliers that process tantalum ore into capacitor grade tantalum powder. Vishay believes that in the long term there exist sufficient tantalum ore reserves and a sufficient number of tantalum processors to satisfy demand. The market prices of tantalum ore are currently declining. Depending on the extent of this trend, we could be required to write down the carrying cost of our inventory of tantalum ore, which could have a material adverse effect on our net earnings. We made one such write-down in the second quarter of 2001 in the amount of \$20 million.

Palladium, a metal used to produce multi-layer ceramic capacitors, is currently found primarily in South Africa and Russia. Palladium is a commodity product that is subject to price volatility. The price of palladium fluctuated in the range of approximately \$201 to \$970 per troy ounce during the three years ended December 31, 2000. Since that time, the price of palladium has been as high as \$1,110 per troy ounce, and as of August 10, 2001, it was approximately \$480 per troy ounce.

Vishay faces intense competition in its business.

Vishay's business is highly competitive worldwide, with low transportation costs and few import barriers. Vishay competes principally on the basis of product quality and reliability, availability, customer service, technological innovation, timely delivery and price. The electronics components industry has become increasingly concentrated and globalized in recent years and Vishay's major competitors, some of which are larger than Vishay, have significant financial resources and technological capabilities.

Vishay may not have adequate facilities to satisfy future increases in demand for its products.

Vishay's business is cyclical and in periods of a rising economy may experience intense demand for its products. During such periods, Vishay may have difficulty expanding its manufacturing to satisfy demand. Factors which could limit such expansion include delays in procurement of manufacturing equipment, shortages of skilled personnel and capacity constraints at Vishay's facilities. If Vishay is unable to meet its customers' requirements and its competitors sufficiently expand production, Vishay could lose customers and/or market share. This could have an adverse effect on Vishay's financial condition and results of operations and prospects.

Future changes in Vishay's environmental liability and compliance obligations may harm Vishay's ability to operate or increase costs.

Vishay's manufacturing operations, products and/or product packaging are subject to environmental laws and regulations governing air emissions, wastewater discharges, the handling, disposal and remediation of hazardous substances, wastes and certain chemicals used or generated in Vishay's manufacturing processes, employee health and safety labelling or other notifications with respect to the content or other aspects of Vishay's processes, products or packaging, restrictions on the use of certain materials in or on design aspects of Vishay's products or product packaging and responsibility for disposal of products or product packaging. More stringent environmental regulations may be enacted in the future, and Vishay cannot presently determine the modifications, if any, in Vishay's operations that any such future regulations might require, or the cost of compliance with these regulations. In order to resolve liabilities at various sites, Vishay has entered into various administrative orders and consent decrees, some of which may be, under certain conditions, reopened or subject to renegotiation.

Risks Related to Vishay's Operations Outside the United States

Vishay derives a substantial amount of its revenues from outside the United States.

Approximately 56% of Vishay's revenues during 2000 were derived from sales to customers outside the United States. Vishay's operating results could be adversely affected by currency exchange rate fluctuations, regional inflation, changes in monetary policy and tariffs, changes in local laws and regulations in jurisdictions other than the U.S., international trade restrictions, intergovernmental disputes, local laws that increase labor costs and reduction or cancellation of government grants, tax benefits or other incentives.

Vishay obtains substantial benefits by operating in Israel, but these benefits may not continue.

Vishay has increased its operations in Israel over the past several years. The low tax rates in Israel applicable to earnings of Vishay's operations in that country, compared to the rates in the U.S., have had the effect of increasing Vishay's net earnings. In addition, Vishay has taken advantage of certain incentive programs in Israel, which take the form of grants designed to increase employment in Israel. Any significant increase in the Israeli tax rates or reduction or elimination of the Israeli grant programs that have benefited Vishay could have an adverse impact on Vishay's results of operations. See Note 1 to the Consolidated Financial Statements in Vishay's Annual Report on Form 10-K for the year ended December 31, 2000 incorporated by reference in this prospectus for a description of Vishay's accounting policy for grants received by certain subsidiaries from governments outside the United States.

Vishay attempts to improve profitability by operating in countries in which labor costs are low, but the shift of operations to these regions may entail considerable expense.

Vishay's strategy is aimed at achieving significant production cost savings through the transfer and expansion of manufacturing operations to and in countries with lower production costs, such as Israel, Mexico, Portugal, the Czech Republic, Taiwan and China. In this process, Vishay may experience under-utilization of certain plants and factories in high labor cost regions and capacity constraints in plants and factories located in low labor cost regions. This may result initially in production inefficiencies and higher costs. Such costs include those associated with compensation in connection with work force reductions and plant closings in the higher labor cost regions, and start-up expenses, manufacturing and construction delays, and increased depreciation costs in connection with the initiation or expansion of production in lower labor cost regions.

As Vishay implements transfers of certain of its operations it may experience strikes or other types of labor unrest as a result of lay-offs or termination of Vishay's employees in high labor cost countries.

Risks Related to Vishay's Capital Structure

The holders of Class B common stock have voting control of Vishay.

Vishay has two classes of common stock: common stock and Class B common stock. The holders of common stock are entitled to one vote for each share held, while the holders of Class B common stock are entitled to 10 votes for each share held. Currently, the holders of the Class B common stock hold 54.1% of the voting power of Vishay. As a result, the holders of Class B common stock are able to cause the election of the entire board of directors of Vishay. The holders of the Class B common stock may also be able to approve other actions as stockholders without obtaining the votes of other stockholders of Vishay.

The existence of the Class B common stock may deprive other stockholders of a premium value for their shares in a takeover.

The effective control of Vishay by the holders of the Class B common stock may make Vishay less attractive as a target for a takeover proposal. It may also render more difficult or discourage a merger proposal or proxy contest for the removal of the incumbent directors, even if such actions were favored by all stockholders of Vishay other than the holders of the Class B common stock. Accordingly, this may deprive the holders of common stock of an opportunity they might otherwise have to sell their shares at a premium over the prevailing market price in connection with a merger or acquisition of Vishay with or by another company.

Risk Factors Relating to the LYONS

An active trading market for LYONS may not develop.

Despite the fact that resales of the LYONS will be registered transactions under the Securities Act, we cannot assure you that an active trading market for the LYONS will develop and, if developed, the liquidity or sustainability of any such market. Moreover, we cannot assure you that you will be able to sell LYONS or, if sold, the price you would receive. Future trading prices of the LYONS will depend on many factors, including, among other things, prevailing interest rates, our operating results, the market price of our common stock and the market for similar securities.

We may not have the ability to raise the funds necessary to finance the purchase of LYONS at the option of the holders or as a result of a change in control or delisting event.

We may be required to repurchase the LYONS for cash prior to their stated maturity upon the occurrence of certain events, including (a) the occurrence of certain specific kinds of change in control events or a delisting event resulting from the acquisition of Vishay common stock by Vishay or its affiliates, in each case occurring on or before June 4, 2006, and (b) our failure to satisfy the conditions for the delivery of our common stock in connection with holders' requests that we repurchase their LYONS on June 4, 2004, 2006, 2011 and 2016. However, it is possible that we will not have sufficient funds at that time to make the required repurchase of LYONS for cash or that restrictions in our other indebtedness will not allow those repurchases for cash. In addition, certain important corporate events, such as leveraged recapitalizations that would increase the level of our indebtedness, would not constitute a "change in control" under the indenture. See "Description of LYONS--Purchase of LYONS by Vishay at the Option of the Holder" and "--Change in Control or Delisting Event Permits Purchase of LYONS at the Option of the Holder."

You should consider the United States Federal income tax consequences of owning LYONS.

The LYONS are characterized as indebtedness of ours for United States Federal income tax purposes. Accordingly, you will be required to include in your income interest with respect to the LYONS.

The LYONS will constitute contingent payment debt instruments. As a result, you will be required to include amounts in income, as ordinary income, in advance of the receipt and in excess of the cash attributable thereto. The amount of interest income required to be included by you for each year will be in excess of the yield to maturity of the LYONS. You will recognize gain or loss on the sale, purchase by us at your option, conversion or redemption of a LYON in an amount equal to the difference between the amount realized on the sale, purchase by us at your option, conversion or redemption, including the fair market value of any common stock received upon conversion or otherwise, and your adjusted tax basis in the LYON. Any gain recognized by you on the sale, purchase by us at your option, conversion or redemption of a LYON generally will be ordinary interest income; any loss will be ordinary loss to the extent of

the interest previously included in income, and thereafter, capital loss. A summary of the United States Federal income tax consequences of ownership of the LYONS is described in this prospectus under the heading "Certain United States Federal Income Tax Consequences."

USE OF PROCEEDS

We will not receive any of the proceeds from the resale of the LYONs by the selling securityholders or of any common stock issuable upon conversion of the LYONs.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the ratio of earnings to fixed charges for the six months ended June 30, 2001 and for each of the preceding five fiscal years. In calculating these ratios, earnings include pre-tax income before adjustment for minority interest in consolidated subsidiaries plus fixed charges and exclude equity in net income of our affiliates. Fixed charges include gross interest expense, amortization of deferred financing expenses and an amount equivalent to interest included in rental charges. We have assumed that one-third of rental expense is representative of the interest factor.

	Six Months Ended June 30, 2001 ----	Fiscal Year Ended December 31, -----				
	2000	1999	1998	1997	1996	
	----	----	----	----	----	
Ratio of earnings to fixed charges	12.20	21.35	3.16	1.72	4.96	4.36

DESCRIPTION OF LYONS

We issued the LYONS under an indenture dated as of June 4, 2001, between us and The Bank of New York, as trustee. The following summarizes the material provisions of the LYONS and the indenture. The following summary is not complete and is subject to, and qualified by reference to, all of the provisions of the LYONS and the indenture. The indenture, which contains a form of the LYONS, is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

As used in this section, the words "we," "us," "our" or "Vishay" do not include any current or future subsidiary of Vishay.

General

On June 4, 2001, we issued \$550,000,000 million aggregate principal amount at maturity of the LYONS in a private placement. The LYONS will mature on June 4, 2021. The principal amount at maturity of each LYON is \$1,000. The LYONS will be payable at the office of the paying agent, which initially is an office or agency of the trustee, or an office or agency maintained by us for such purpose, in the Borough of Manhattan, The City of New York. (Indenture, Section 4.05)

We issued each LYON at an issue price of \$551.26 per LYON, which represents a substantial discount from its principal amount at maturity. Except as described below, we will not make periodic payments of interest on the LYONS. However, the LYONS accrue original issue discount while they remain outstanding. Original issue discount is the difference between the issue price and the principal amount at maturity of a LYON. Accrual of original issue discount is calculated on a semi-annual bond equivalent basis, using a 360-day year composed of twelve 30-day months. The original issue discount began to accrue on the LYONS on June 4, 2001. (LYON, Section 1)

The LYONS are debt instruments subject to the contingent payment debt regulations under the Internal Revenue Code. The LYONS were issued with original issue discount for United States federal income tax purposes. (Indenture, Section 13.14) Even if we do not pay any cash interest (including any contingent interest) on the LYONS, holders will be required to include accrued tax original issue discount in their gross income for United States federal income tax purposes. The rate at which the tax original issue discount accrues exceeds the stated yield of 3.00% for the accrued original issue discount described above. (LYON, Section 5) See "Certain United States Federal Income Tax Consequences."

Maturity, conversion, purchase by us at the option of a holder or redemption of a LYON will cause original issue discount and interest, if any, to cease to accrue on such LYON. We may not reissue a LYON that has matured or been converted, purchased by us at the option of a holder, redeemed or otherwise cancelled, except for registration of transfer, exchange or replacement of such LYON.

LYONs may be presented for conversion at the office of the conversion agent, and for exchange or registration of transfer at the office of the registrar, each such agent initially being the trustee.

Subordination of Lyons

Indebtedness evidenced by the LYONs is subordinated in right of payment as set forth in the indenture, to the prior payment in full of all of our existing and future senior indebtedness (as defined below). (Indenture, Section 10.02) Upon any payment or distribution of assets of Vishay to creditors, upon any dissolution, winding up, liquidation or reorganization of Vishay or arrangement, whether voluntary or involuntary, or in bankruptcy, insolvency, receivership or other similar proceedings, the holders of all senior indebtedness shall first be entitled to receive in cash payment in full of all amounts due or to become due thereon, or payment of such amounts shall have been provided for, before the holders of the LYONs shall be entitled to receive any payment or distribution with respect to any LYONs. As a result, holders of LYONs may recover less, ratably, than the holders of senior indebtedness. (Indenture, Section 10.02)

In addition, no payment of the principal amount at maturity, issue price, accrued contingent interest, purchase price, redemption price or trigger event purchase price with respect to any LYONs may be made by Vishay, nor may Vishay pay cash with respect to the purchase price of any LYON (other than for fractional shares) or otherwise acquire any LYONs (except as set forth in the indenture), if (i) any payment default on any senior indebtedness has occurred and is continuing beyond any applicable grace period or (ii) any default (other than a payment default) with respect to senior indebtedness occurs and is continuing that permits the acceleration of the maturity thereof and the default is the subject of judicial proceedings or the trustee receives a written notice of such default from Vishay or the holders of such senior indebtedness (a "senior indebtedness default notice"). Notwithstanding the foregoing, payments with respect to the LYONs may resume and Vishay may acquire LYONs for cash (a) in the case of a default described in (i) above, when the default with respect to the senior indebtedness is cured or waived or (b) in the case of default described in (ii) above, the earlier to occur of the date the default with respect to the senior indebtedness is cured or waived or 179 days after the date the senior indebtedness default notice is received unless the maturity of the senior indebtedness has been accelerated, provided that the terms of the indenture otherwise permit the payment or acquisition of the LYONs at that time. If Vishay receives a senior indebtedness default notice, then a similar notice received within nine months thereafter relating to the same default on the same issue of senior indebtedness shall not be effective to prevent the payment or acquisition of the LYONs as provided above. (Indenture, Section 10.04) In the event that the LYONs are declared due and payable prior to their stated maturity by reason of the occurrence of any event of default, then Vishay will be obligated to notify promptly holders of senior indebtedness of such acceleration. Vishay may not pay a holder of LYONs until the earlier of (i) 120 days have passed after such acceleration occurs or (ii) the payment in full of all senior indebtedness and may thereafter pay a holder of LYONs if the terms of the indenture otherwise permit payment at that time. (Indenture, Section 10.04)

The term "senior indebtedness" of Vishay means, the principal, premium (if any) and unpaid interest on all present and future:

- . indebtedness of Vishay for borrowed money;
- . obligations of Vishay evidenced by bonds, debentures, notes or similar instruments;
- . all obligations of Vishay under (a) interest rate swaps, caps, collars, options, and similar arrangements, (b) any foreign exchange contract, currency swap contract, futures contract, currency option contract, or other foreign currency hedge or any other hedging agreements, and (c) credit swaps, caps, floors, collars, and similar arrangements;
- . indebtedness incurred, assumed or guaranteed by Vishay in connection with the acquisition by it or a subsidiary of Vishay of any business, properties or assets (except purchase-money indebtedness classified as accounts payable under generally accepted accounting principles)
- . obligations of Vishay as lessee under leases required to be capitalized in the balance sheet of the lessee under generally accepted accounting principles.
- . reimbursement obligations of Vishay in respect of letters of credit relating to indebtedness or other obligations of Vishay that qualify as indebtedness or obligations of the kind referred to in clauses (i) through (v) above;
- . pension plan obligations; and
- . obligations of Vishay under direct or indirect guarantees in respect of, and obligations (contingent or otherwise) to purchase or otherwise acquire, or otherwise to assure a creditor against loss in respect of, indebtedness or obligations of others of the kinds referred to above, in each case unless in the instrument creating or evidencing the indebtedness or obligation or pursuant to which the same is outstanding it is provided that such indebtedness or obligation is not superior in right of payment to the LYONS. (Indenture, Section 1.01)

The LYONS are effectively subordinated to all existing and future liabilities (including trade payables) of our subsidiaries. Any right of ours to participate in any distribution of the assets of any of our subsidiaries upon liquidation, reorganization or insolvency of such subsidiary (and the consequent right of the Holders of the LYONS to participate in those assets) will be subject to the claims of the creditors (including trade creditors) of such subsidiary, except to the extent that our claims as a creditor of such subsidiary may be recognized, in which case our claims would still be subordinate to any security interest in the assets of such subsidiary and any indebtedness of such subsidiary senior to that held by us. (Indenture, Section 10.02)

There is no restriction under the indenture on Vishay or any of its subsidiaries incurring additional indebtedness, including senior indebtedness.

Conversion Rights

A holder may convert a LYON, in multiples of \$1,000 principal amount at maturity, into shares of our common stock at any time on or before the close of business on the second business day immediately preceding June 4, 2021. (Indenture, Section 11.01) If we call a LYON for redemption, a holder may convert such LYON only until the close of business on the second business day immediately preceding the redemption date. A LYON for which a holder has delivered a purchase notice or a trigger event purchase notice requiring us to purchase the LYON may be converted only if such notice is withdrawn in accordance with the indenture. (Indenture, Section 3.08) "Business day" means any day other than a Saturday or Sunday or other than a day on which banking institutions in The City of New York are required or authorized by law or executive order to close. (Indenture, Section 1.01)

The initial conversion rate is 17.6686 shares of common stock per LYON, subject to adjustment upon the occurrence of certain events described below. (LYON, Section 10) A holder of a LYON otherwise entitled to a fractional share will receive cash in an amount equal to the value of such fractional share based on the sale price, as defined below, on the trading day immediately preceding the conversion date. (Indenture, Section 11.03)

Delivery of Common Stock. On conversion of a LYON, a holder will not receive any cash payment of interest representing accrued original issue discount or, except as described below, contingent interest. Our delivery to the holder of the full number of shares of common stock into which the LYON is convertible, together with any cash payment for such holder's fractional shares, will be deemed:

- . to satisfy our obligation to pay the principal amount at maturity of the LYON; and
- . to satisfy our obligation to pay accrued original issue discount and accrued tax original issue discount attributable to the period from the issue date through the conversion date.

As a result, accrued original issue discount and accrued tax original issue discount will be deemed to be paid in full rather than cancelled, extinguished or forfeited. (Indenture, Section 11.02)

The conversion rate will not be adjusted for accrued original issue discount or any contingent interest. (LYON, Section 10) A certificate for the number of full shares of common stock into which any LYON is converted, together with any cash payment for fractional shares, will be delivered through the conversion agent as soon as practicable following the conversion date. For a discussion of the tax treatment of a holder receiving shares of common stock upon conversion, see "Certain United States Federal Income Tax Consequences -- Sale, Exchange, Conversion or Redemption."

To convert a LYON into shares of common stock, a holder must:

- . complete and manually sign the conversion notice on the back of the LYON or complete and manually sign a facsimile of the conversion notice and deliver the conversion notice to the conversion agent;
- . surrender the LYON to the conversion agent;
- . if required by the conversion agent, Vishay or the trustee, furnish appropriate endorsements and transfer documents; and
- . if required, pay all transfer or similar taxes. (LYON, Section 10)

The date on which all of the foregoing requirements have been satisfied is the conversion date.

Conversion Rate Adjustments. The conversion rate will be adjusted for:

- . dividends or distributions on our shares of common stock payable in shares of our common stock or other capital stock;
- . subdivisions, combinations or certain reclassifications of shares of our common stock;
- . distributions to all holders of shares of common stock of certain rights to purchase shares of common stock for a period expiring within 60 days at less than the sale price of the common stock at the time (the method of calculating the sale price of our common stock for the purpose of the indenture is set forth on page 33); and
- . distributions to all holders of our shares of common stock of our assets (including shares of capital stock of, or similar equity interests in, a subsidiary or other business unit of ours) or debt securities or certain rights to purchase our securities (excluding cash dividends or other cash distributions from current or retained earnings other than extraordinary cash dividends). (Indenture, Section 11.08) "Extraordinary cash dividends" means the amount of any cash dividend or distribution that, together with all other cash dividends paid during the preceding 12-month period, are on a per share basis in excess of the sum of (i) 5% of the sale price of the shares of common stock on the day preceding the date of declaration of such dividend or distribution, and (ii) an amount equal to the quotient of (x) the amount of any contingent interest paid on a LYON during such 12-month period divided by (y) the number of shares of common stock issuable upon conversion of a LYON at the conversion rate in effect on the payment date of such contingent interest. (Indenture, Section 11.08)

In the event that we pay a dividend or make a distribution on shares of our common stock consisting of capital stock of, or similar equity interests in, a subsidiary or other business unit of ours, the conversion rate will be adjusted based on the market value of the securities so distributed relative to the market value of our common stock, in each case based on the average sale prices of those securities for the 10 trading days commencing on and including the fifth trading day after the date on which "ex-dividend trading" commences for such dividend or

distribution on the NYSE or such other national or regional exchange or market on which the securities are then listed or quoted. (Indenture, Section 11.08)

In the event we elect to make a distribution described in the third or fourth bullet of the second preceding paragraph, then the Company will mail to holders of the LYONs and file with the trustee and the conversion agent a notice stating the proposed record date for a dividend or distribution or the proposed effective date of a subdivision, combination, reclassification, consolidation, merger, binding share exchange, transfer, liquidation or dissolution. The Company will file and mail the notice at least 15 days before such date. Failure to file or mail the notice or any defect in it shall not affect the validity of the transaction. (Indenture, Section 11.13) No adjustment to the conversion rate or the ability of a holder of a LYON to convert will be made if holders of LYONs will participate in the transaction without conversion or in certain other cases.

The indenture permits us to increase the conversion rate from time to time. (Indenture, Section 11.12)

If we are party to a consolidation, merger or binding share exchange or a transfer of all or substantially all of our assets, the right to convert a LYON into common stock may be changed into a right to convert it into the kind and amount of securities, cash or other assets of Vishay or another person which the holder would have received if the holder had converted the holder's LYONs immediately prior to the transaction. (Indenture, Section 11.14)

Holders of the LYONs may, in certain circumstances, be deemed to have received a distribution subject to United States Federal income tax as a dividend in the amount of:

- . a taxable distribution to holders of shares of common stock which results in an adjustment of the conversion rate; or
- . an increase in the conversion rate at our discretion.

See "Certain United States Federal Income Tax Consequences--Constructive Dividends."

Contingent Interest

Subject to the accrual and record date provisions described below, we will pay contingent interest to the holders of LYONs during any six-month period from June 4 to December 3 and from December 4 to June 3, with the initial six-month period commencing June 4, 2006, if the average market price of a LYON for the five trading days ending on the third trading day immediately preceding the first day of the applicable six-month period equals 120% or more of the sum of the issue price and accrued original issue discount for such LYON to the day immediately preceding the first day of the applicable six-month period. See "--Redemption of LYONs at the Option of Vishay" for some of these values. Notwithstanding the above, if we declare a dividend for which the record date falls prior to the first day of a six-month period but the payment date falls within such six-month period, then the five trading day period for determining the average market price of a LYON will be the five trading days ending on the third trading day immediately preceding such record date. (LYON, Section 5)

The amount of contingent interest payable during any six-month period will be the sum of any contingent interest payable in the first and second three-month periods during such six-month period. During any three-month period when contingent interest shall be payable, the contingent interest payable per LYON for such period will be equal to the greater of (1) 0.0625% of the average market price of a LYON for the five trading day period referred to in the immediately preceding paragraph and (2) the sum of all regular cash dividends paid by us per share on our common stock during such three-month period multiplied by the number of shares of common stock issuable upon conversion of a LYON at the then applicable conversion rate. (LYON, Section 5)

Contingent interest, if any, will be payable to holders of record of LYONS as of the 15th day preceding the last day of the relevant six-month period or, if we pay a regular cash dividend on our common stock during a quarter within the relevant six-month period, to holders of LYONS as of the record date for the related common stock dividend. We will make contingent interest payments on the last day of the relevant six-month period or, if we pay a regular cash dividend on our common stock during a quarter within the relevant six-month period, on the payment date of the related common stock dividend. The original issue discount will continue to accrue at the yield to maturity whether or not contingent interest is paid. (LYON, Section 5) If we fail to make a payment of contingent interest when due such unpaid interest becomes "defaulted interest" under the indenture and accrues interest at a rate of 3.0% per annum until paid. (LYON, Section 1)

Regular cash dividends are quarterly or other periodic cash dividends on our common stock as declared by our board of directors as part of its cash dividend payment practices and that are not designated by it as extraordinary or special or other nonrecurring dividends. (LYON, Section 5) We do not currently pay cash dividends on our capital stock. Our policy is to retain earnings to support the growth of our business and we do not intend to change this policy at the present time.

The market price of a LYON on any date of determination means the average of the secondary market bid quotations per LYON obtained by the bid solicitation agent for \$10 million principal amount at maturity of LYONS at approximately 4:00 p.m., New York City time, on such determination date from three recognized securities dealers in the City of New York we select, provided that if:

- . at least three such bids are not obtained by the bid solicitation agent; or
- . in our reasonable judgment, the bid quotations are not indicative of the secondary market value of the LYONS;

then the market price of the LYON will equal (a) the then applicable conversion rate of the LYONS multiplied by (b) the market price of our common stock. (LYON, Section 5)

The bid solicitation agent will initially be The Bank of New York. We may change the bid solicitation agent, but the bid solicitation agent will not be our affiliate. The bid solicitation agent will solicit bids from securities dealers that are believed by us to be willing to bid for the LYONS. (LYON, Section 5)

Upon determination that LYON holders will be entitled to receive contingent interest which may become payable during a relevant six-month period, on or prior to the start of such six-month period, we will issue a press release and publish such information on our web site as soon as practicable. (LYON, Section 3)

Purchase of LYONs by Vishay at the Option of the Holder

On June 4, 2004, 2006, 2011 and 2016, holders may require us to purchase any outstanding LYON for which the holder has properly delivered and not withdrawn a written purchase notice, subject to certain additional conditions. Holders may submit their LYONs for purchase to the paying agent at any time from the opening of business on the date that is 20 business days prior to the purchase date until the close of business on the business day immediately preceding the purchase date.

The purchase price of a LYON will be:

- . \$602.77 per LYON on June 4, 2004;
- . \$639.76 per LYON on June 4, 2006;
- . \$742.47 per LYON on June 4, 2011; and
- . \$861.67 per LYON on June 4, 2016. (Indenture, Section 3.08)

The purchase prices shown above are equal to the issue price plus accrued original issue discount to the purchase date. We may, at our option, elect to pay the purchase price in cash, shares of common stock or any combination thereof. (Indenture, Section 3.08) For a discussion of the tax treatment of a holder receiving cash, shares of common stock or any combination thereof, see "Certain United States Federal Income Tax Consequences--Sale, Exchange, Conversion or Redemption."

We will be required to give notice on a date not less than 20 business days prior to each purchase date to all holders at their addresses shown in the register of the registrar, and to beneficial owners as required by applicable law, stating among other things:

- . whether we will pay the purchase price of LYONs in cash or common stock or any combination thereof, specifying the percentages of each;
- . if we elect to pay in common stock, the method of calculating the market price of such common stock; and
- . the procedures that holders must follow to require us to purchase their LYONs. (Indenture, Section 3.08)

The purchase notice given by each holder electing to require us to purchase LYONS shall be given to the paying agent no later than the close of business on the business day immediately preceding the purchase date and must state:

- . the certificate numbers of the holder's LYONS to be delivered for purchase;
- . the portion of the principal amount at maturity of LYONS to be purchased, which must be \$1,000 or an integral multiple of \$1,000;
- . that the LYONS are to be purchased by us pursuant to the applicable provisions of the LYONS; and
- . in the event we elect, pursuant to the notice that we are required to give, to pay the purchase price in common stock, in whole or in part, but the purchase price is ultimately to be paid to the holder entirely in cash because any of the conditions to payment of the purchase price or portion of the purchase price in common stock is not satisfied prior to the close of business on the purchase date, as described below, whether the holder elects:
 - (1) to withdraw the purchase notice as to some or all of the LYONS to which it relates; or
 - (2) to receive cash in such event in respect of the entire purchase price for all LYONS or portions of LYONS subject to such purchase notice.

If the holder fails to indicate the holder's choice with respect to the election described in the final bullet point of the immediately preceding paragraph, the holder shall be deemed to have elected to receive cash in respect of the entire purchase price for all LYONS subject to the purchase notice in these circumstances. (Indenture, Section 3.08)

A holder may withdraw any purchase notice by delivering a written notice of withdrawal to the paying agent prior to the close of business on the business day immediately preceding the purchase date. (Indenture, Section 3.10) The notice of withdrawal shall state:

- . the principal amount at maturity of the LYONS being withdrawn;
- . the certificate numbers of the LYONS being withdrawn; and
- . the principal amount at maturity, if any, of the LYONS that remain subject to the purchase notice. (Indenture, Section 3.09)

If we elect to pay the purchase price, in whole or a specified percentage, in shares of common stock, the number of shares of common stock to be delivered by us shall be equal to the quotient obtained by dividing (i) the amount of cash to which the holders would have been entitled had Vishay elected to pay all or such specified percentage, as the case may be, of the purchase price of such

LYONS in cash by (ii) the market price of a share of common stock, subject to certain conditions. (Indenture, Section 3.08)

We will pay cash based on the market price for all fractional shares of common stock in the event we elect to deliver common stock in payment, in whole or in part, of the purchase price.

The "market price" of our common stock means the average of the sale prices of the common stock for the five trading day period ending on (if the third business day prior to the applicable purchase date is a trading day or, if not, then on the last trading day prior to) the third business day prior to the applicable purchase date, appropriately adjusted to take into account the occurrence, during the period commencing on the first of such trading days during such five trading day period and ending on such purchase date, of certain events that would result in an adjustment of the conversion rate with respect to the common stock. (Indenture, Section 3.08)

The "sale price" of our common stock on any date means the closing per share sale price (or if no closing sale price is reported, the average of the bid and ask prices or, if more than one in either case, the average of the average bid and the average ask prices) on such date as reported on the NYSE or on such other principal national or regional securities exchange on which the common stock is traded or, if the common stock is not listed on a national or regional securities exchange, as reported by the National Association of Securities Dealers Automated Quotation System ("Nasdaq") or by the National Quotation Bureau Incorporated. In the absence of a quotation, we will determine the sale price on the basis of such quotations as we consider appropriate. (Indenture, Section 1.01)

A "trading day" means a day during which trading in securities generally occurs on the New York Stock Exchange (NYSE) or, if the common stock is not listed on the NYSE, on the principal other national or regional securities exchange on which the common stock is then listed or, if the common stock is not listed on a national or regional securities exchange, on Nasdaq or, if the common stock is not quoted on Nasdaq, on the principal other market on which the common stock is then traded. (Indenture, Section 1.01)

Because the market price of the common stock is determined prior to the applicable purchase date, holders of LYONS bear the market risk with respect to the value of the common stock to be received from the date such market price is determined to such purchase date. We may pay the purchase price or any portion of the purchase price in common stock only if the information necessary to calculate the market price is published in a daily newspaper of national circulation or by other appropriate means. (Indenture, Section 3.08)

Upon determination of the actual number of shares of common stock to be issued for each \$1,000 principal amount at maturity of LYONS in accordance with the foregoing provisions, we will issue a press release and publish such information on our web site. (Indenture, Section 3.08)

In addition to the above conditions, our right to purchase LYONS, in whole or in part, with common stock is subject to our satisfying various conditions, including:

- . listing such common stock on the principal national or regional securities exchange on which our common stock is then listed or, if not so listed, on Nasdaq;
- . the registration of the common stock under the Securities Act and the Exchange Act, if required; and
- . any necessary qualification or registration under applicable state securities law or the availability of an exemption from such qualification and registration. (Indenture, Section 3.08)

If these conditions are not satisfied with respect to a holder prior to the close of business on the purchase date, we will be required to pay the purchase price of the LYONS of the holder entirely in cash. We may not change the form or components or percentages of components of consideration to be paid for the LYONS once we have given the notice that we are required to give to holders of LYONS, except as described in the first sentence of this paragraph.

In connection with any purchase offer, we will to the extent applicable:

- . comply with the provisions of Rule 13e-4, Rule 14e-1 and any other tender offer rules under the Exchange Act which may then be applicable; and
- . file a Schedule T0 or any other required schedule under the Exchange Act. (Indenture, Section 3.13)

Our obligation to pay the purchase price for a LYON for which a purchase notice has been delivered and not validly withdrawn is conditioned upon the holder delivering the LYON, together with necessary endorsements, to the paying agent at any time after delivery of the purchase notice. We will cause the purchase price of the LYON to be paid promptly following the later of the purchase date or the time of delivery of the LYON. (Indenture, Section 3.08)

If the paying agent holds money or securities sufficient to pay the purchase price of the LYON on the business day following the purchase date in accordance with the terms of the indenture, then, immediately after the purchase date, the LYON will cease to be outstanding and original issue discount on such LYON will cease to accrue, whether or not the LYON is delivered to the paying agent. Thereafter, all other rights of the holder shall terminate, other than the right to receive the purchase price upon delivery of the LYON. (Indenture, Section 2.08)

We may not purchase any LYONS for cash at the option of holders if an event of default with respect to the LYONS has occurred and is continuing, other than a default in the payment of the purchase price with respect to such LYONS. (Indenture, Section 3.10)

Change in Control or Delisting Event Permits Purchase of LYONs at the Option of the Holder

In the event of any trigger event, which is defined as a change in control or a delisting event (each term as defined below), occurring on or prior to June 4, 2006 with respect to Vishay, each holder will have the right, at its option, subject to the terms and conditions of the indenture, to require us to purchase for cash all or any portion of the holder's LYONs in integral multiples of \$1,000 principal amount at maturity, at a price for each \$1,000 principal amount at maturity of such LYONs equal to the issue price plus accrued original issue discount to the purchase date. We will be required to purchase the LYONs no later than 35 business days after the occurrence of such trigger event. We refer to this date in this prospectus as the "trigger event purchase date." (Indenture, Section 3.09)

Within 15 business days after the occurrence of a trigger event, we must mail to the trustee and to all holders of LYONs at their addresses shown in the register of the registrar and to beneficial owners as required by applicable law a notice regarding the applicable trigger event, which notice must state, among other things:

- . the events causing a trigger event;
- . the date of such trigger event;
- . the last date on which a holder may exercise the purchase right;
- . the trigger event purchase price;
- . the trigger event purchase date;
- . the name and address of the paying agent and the conversion agent;
- . the conversion rate and any adjustments to the conversion rate;
- . that LYONs with respect to which a trigger event purchase notice is given by the holder may be converted only if the trigger event purchase notice has been withdrawn in accordance with the terms of the indenture; and
- . the procedures that holders must follow to exercise these rights. (Indenture, Section 3.09)

To exercise this right, the holder must deliver a written notice so as to be received by the paying agent no later than the close of business on the business day immediately preceding the trigger event purchase date. The required purchase notice upon the occurrence of a trigger event must state:

- . the certificate numbers of the LYONs to be delivered by the holder;

- . the portion of the principal amount at maturity of LYONS to be purchased, which portion must be \$1,000 or an integral multiple of \$1,000; and
- . that we are to purchase such LYONS pursuant to the applicable provisions of the LYONS and of the indenture governing the LYONS. (Indenture, Section 3.09)

A holder may withdraw any trigger event purchase notice by delivering to the paying agent a written notice of withdrawal prior to the close of business on the business day immediately preceding the trigger event purchase date. The notice of withdrawal must state:

- . the principal amount at maturity of the LYONS being withdrawn;
- . the certificate numbers of the LYONS being withdrawn; and
- . the principal amount at maturity, if any, of the LYONS that remain subject to a trigger event purchase notice. (Indenture, Section 3.10)

Our obligation to pay the trigger event purchase price for a LYON for which a trigger event purchase notice has been delivered and not validly withdrawn is conditioned upon delivery of the LYON, together with necessary endorsements, to the paying agent at any time after the delivery of such trigger event purchase notice. We will cause the trigger event purchase price for such LYON to be paid promptly following the later of the trigger event purchase date or the time of delivery of such LYON. (Indenture, Section 3.09)

If the paying agent holds money sufficient to pay the trigger event purchase price of the LYON on the trigger event purchase date in accordance with the terms of the indenture, then, immediately after the trigger event purchase date, original issue discount on such LYON will cease to accrue, whether or not the LYON is delivered to the paying agent. Thereafter, all other rights of the holder shall terminate, other than the right to receive the trigger event purchase price upon delivery of the LYON. (Indenture, Section 3.11)

Under the indenture, a "change in control" is deemed to have occurred at such time as:

- . any person or group, other than Vishay, its subsidiaries, their employee benefit plans or permitted holders, files a Schedule 13D or Schedule TO (or any successor schedule, form or report under the Exchange Act) disclosing that such person has become the beneficial owner of 50% or more, in the aggregate, of the voting power of Vishay's common stock and Class B common stock or other capital stock into which the common stock or Class B common stock is reclassified or changed, with certain exceptions;
- . permitted holders file a Schedule 13D or Schedule TO (or any successors to those schedules) stating that they have become and actually are beneficial owners of our voting stock representing more than 80% or more, in the aggregate, of the voting power of Vishay's common stock and Class B common stock or other capital stock

into which the common stock or Class B common stock is reclassified or changed, with certain exceptions; or

- . there shall be consummated any share exchange, consolidation or merger of Vishay pursuant to which its voting shares of common stock and the Class B common stock would be converted into cash, securities or other property, in each case other than a share exchange, consolidation or merger in which the holders of such voting capital stock immediately prior to the share exchange, consolidation or merger have, directly or indirectly, at least a majority of the total voting power in the aggregate of all classes of capital stock of the continuing or surviving corporation immediately after the share exchange, consolidation or merger. (Indenture, Section 3.09)

For purposes of this section,

- . a "permitted holder" means each of Dr. Felix Zandman and Mrs. Louella B. Slaner or their spouses, children or lineal descendants, any trust established for the benefit of such persons, or any "person" (as such term is used in Section 13(d) or 14(d) of the Exchange Act), directly or indirectly, controlled, controlled by or under common control with any such person mentioned in this paragraph or any trust established for the benefit of such persons or any charitable trust or non-profit entity established by a permitted holder, or any group in which such permitted holders hold more than a majority of the voting power of the common stock and Class B common stock deemed to be beneficially owned by such group;
- . the term "group" includes any group acting for the purpose of acquiring, holding or disposing of securities with the meaning of Rule 13d-5(b)(1) under the Exchange Act or any successor provision; and
- . the term "beneficial owner" is determined in accordance with Rules 13d-3 and 13d-5 under the Exchange Act or any successor provision, except that a person will be deemed to have beneficial ownership of all shares that such person has the right to acquire irrespective of whether that right is exercisable immediately or only after the passage of time. (Indenture, Section 3.09)

Under the indenture, a "delisting event" occurs if Vishay, together with its affiliates, acquires a sufficient amount of Vishay common stock to result in the common stock being delisted from the NYSE or principal United States national or regional securities exchange or national quotation system on which the shares of common stock are then listed or traded. (Indenture, Section 3.09)

The indenture does not permit our board of directors to waive our obligation to purchase LYONs at the option of holders in the event of the occurrence of a trigger event.

In connection with any purchase offer in the event of the occurrence of a trigger event, we will to the extent applicable:

- . comply with the provisions of Rule 13e-4, Rule 14e-1 and any other tender offer rules under the Exchange Act which may then be applicable; and
- . file a Schedule TO or any other required schedule under the Exchange Act. (Indenture, Section 3.13)

The trigger event purchase feature of the LYONS may in certain circumstances make more difficult or discourage a takeover of Vishay. The trigger event purchase feature, however, is not the result of our knowledge of any specific effort:

- . to accumulate shares of our common stock;
- . to obtain control of Vishay by means of a merger, tender offer, solicitation or otherwise; or
- . part of a plan by management to adopt a series of anti-takeover provisions.

Instead, the trigger event purchase feature is a standard term contained in other LYONS offerings that have been marketed by Merrill Lynch. The terms of the trigger event purchase feature resulted from negotiations between Merrill Lynch and us.

We could, in the future, enter into certain transactions, including certain recapitalizations, that would not constitute a trigger event with respect to the trigger event purchase feature of the LYONS but that would increase the amount of our (or our subsidiaries') outstanding indebtedness.

We may not purchase LYONS at the option of holders upon the occurrence of a trigger event if there has occurred and is continuing an event of default with respect to the LYONS, other than a default in the payment of the trigger event purchase price with respect to the LYONS. (Indenture, Section 3.10)

Redemption of LYONS at the Option of Vishay

No sinking fund is provided for the LYONS. Prior to June 4, 2006, we cannot redeem the LYONS at our option. Beginning on June 4, 2006, we may redeem the LYONS for cash as a whole at any time, or in part from time to time. We will give not less than 30 days nor more than 60 days notice of redemption by mail to holders of LYONS. (Indenture, Section 3.03)

The table below shows redemption prices of a LYON on June 4, 2006, at each June 4 thereafter prior to maturity and at stated maturity on June 4, 2021. These prices reflect the issue price plus accrued original issue discount to the redemption date. The redemption price of a LYON redeemed between such dates would include an additional amount reflecting the additional original issue discount accrued since the next preceding date in the table.

Redemption Date	(1)	(2)	(3)
	LYON Issue Price	Accrued Original Issue Discount	Redemption Price (1) & (2)

(LYON, Section 6)

If we redeem less than all of the outstanding LYONS, the trustee will select the LYONS to be redeemed on a pro rata basis in principal amounts at maturity of \$1,000 or integral multiples of \$1,000 by lot, pro rata based on the ownership thereof, or by any other method the trustee considers fair and appropriate. If a portion of a holder's LYONS is selected for partial redemption and the holder converts a portion of the LYONS, the converted portion will be deemed to be the portion selected for redemption. (Indenture Section 3.02)

Events of Default

The following are events of default for the LYONS:

(1) default in payment when due of any contingent interest which default continues for 30 days;

(2) a default in the payment of the principal amount at maturity, issue price, accrued original issue discount, redemption price, purchase price or trigger event purchase price on any security when the same becomes due and payable at stated maturity, upon redemption, upon declaration, when due for purchase or otherwise (whether or not any such payment shall be prohibited by the terms of the indenture governing the LYONS);

(3) failure by us to deliver shares of common stock (or to pay cash in lieu of fractional shares) in accordance with the terms hereof when such common stock (or cash in lieu of fractional shares) is required to be delivered, upon conversion of a LYON and such failure is not remedied for a period of 10 days;

(4) failure by us to comply with any of the other agreements in the LYONs or the indenture (other than those referred to in clauses (1), (2) and (3) above) upon receipt by us of notice of such default by the trustee or by holders of not less than 25% in aggregate principal amount at maturity of the LYONs then outstanding and the failure to cure (or obtain a waiver of) such default within 60 days after receipt of such notice;

(5) (A) failure by us to make any payment by the end of any applicable grace period after maturity of indebtedness, which term as used in the indenture means obligations (other than nonrecourse obligations) of ours for borrowed money or evidenced by bonds, debentures, notes or similar instruments in an amount (taken together with amounts in (B)) in excess of \$10 million and continuance of such failure, or (B) the acceleration of indebtedness in an amount (taken together with the amounts in (A)) in excess of \$10 million because of a default with respect to such indebtedness without such indebtedness having been discharged or such acceleration having been cured, waived, rescinded or annulled in case of (A) or (B) above, for a period of 30 days after written notice to us by the trustee or to us and the trustee by the holders of not less than 25% in aggregate principal amount at maturity of the LYONs then outstanding. However, if any such failure or acceleration referred to in (A) or (B) above shall cease to exist or be cured, waived, rescinded or annulled, then the event of default by reason thereof shall be deemed not to have occurred; or

(6) certain events of bankruptcy or insolvency affecting us or our material subsidiaries. (Indenture, Section 6.01)

A "material subsidiary" means a subsidiary of Vishay, including such subsidiary's subsidiaries, which meets any of the following conditions:

- . Vishay and its other subsidiaries' investments in and advances to such subsidiary exceed 5 percent of the total assets of Vishay and its subsidiaries consolidated as of the end of the most recently completed fiscal year; or
- . Vishay and its other subsidiaries' proportionate share of the total assets (after intercompany eliminations) of such subsidiary exceeds 5 percent of the total assets of Vishay and its subsidiaries consolidated as of the end of the most recently completed fiscal year; or
- . Vishay and its other subsidiaries' equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting principle of such subsidiary exceeds 5 percent of such income of Vishay and its subsidiaries consolidated as of the end of the most recently completed fiscal year.

If an event of default shall have happened and be continuing, either the trustee or the holders of not less than 25% in aggregate principal amount at maturity of the LYONs then outstanding may declare the issue price of the LYONs plus the original issue discount on the LYONs accrued through the date of such declaration, and any accrued and unpaid contingent interest

and interest on any defaulted interest as more fully described on p. 30 through the date of such declaration, to be immediately due and payable. In the case of certain events of bankruptcy or insolvency of Vishay or its material subsidiaries, the issue price of the LYONS plus the original issue discount and any contingent interest accrued thereon through the occurrence of such event shall automatically become and be immediately due and payable. (Indenture, Section 6.02) Upon any such acceleration, the subordination provisions of the indenture preclude any payment being made to holders of LYONS until the earlier of (i) 120 days or more after the date of such acceleration and (ii) the payment in full of all senior indebtedness, but only if such payment is then otherwise permitted under the terms of the indenture. See "--Subordination of LYONS" above. (Indenture, Section 10.03) Under certain circumstances, the holders of a majority in aggregate principal amount at maturity of the outstanding LYONS may rescind any such acceleration with respect to the LYONS and the consequences of such acceleration. (Indenture, Section 6.02) Interest shall accrue and be payable on demand upon a default in the payment of principal amount at maturity, issue price, accrued original issue discount, redemption price, purchase price, trigger event purchase price or shares of common stock (and cash in lieu of fractional shares), in each case to the extent that the payment of such interest shall be legally enforceable. (LYON, Section 1)

The trustee shall, within 90 days after the occurrence of any default, mail to all holders notice of all defaults of which the trustee is aware, unless such defaults shall have been cured or waived before the giving of such notice; provided, that the trustee may withhold such notice as to any default other than a payment default, if it determines in good faith that withholding the notice is in the interests of the holders. (Indenture, Section 7.05)

The holders of a majority in aggregate principal amount at maturity of the outstanding LYONS may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee, provided that such direction shall not be in conflict with any law or the indenture and subject to certain other limitations. (Indenture, Section 6.05) The trustee may refuse to perform any duty or exercise any right or power or extend or risk its own funds or otherwise incur any financial liability unless it receives indemnity satisfactory to it against any loss, liability or expense. (Indenture, Section 7.01(e)) No holder will have any right to pursue any remedy with respect to the indenture or the LYONS, unless (i) such holder shall have previously given the trustee written notice of a continuing event of default; (ii) the holders of at least 25% in aggregate principal amount at maturity of the outstanding LYONS shall have made a written request to the trustee to pursue such remedy; (iii) such holder or holders shall have offered to the trustee reasonable security or indemnity against any loss, liability or expense satisfactory to it; (iv) the trustee shall have failed to comply with the request within 60 days after receipt of such notice, request and offer of security or indemnity; and (v) the holders of a majority in aggregate principal amount at maturity of the outstanding LYONS shall not have given the trustee a direction inconsistent with such request within 60 days after receipt of such request. (Indenture, Section 6.06)

The right of any holder: (a) to receive payment of the principal amount at maturity, issue price, accrued original issue discount, redemption price, purchase price, trigger event purchase price or shares of common stock (and cash in lieu of fractional shares), in respect of the LYONS held by such holder on or after the respective due dates expressed in the LYONS or as of any redemption date or (b) to bring suit for the enforcement of any such payment on or after such

respective dates or the right to convert, shall not be impaired or adversely affected without such holder's consent. (Indenture, Section 6.07)

The holders of a majority in aggregate principal amount at maturity of LYONs at the time outstanding may waive any existing default and its consequences except (i) any default in any payment on the LYONs, (ii) any default with respect to the conversion rights of the LYONs, or (iii) any default in respect of certain covenants or provisions in the indenture which may not be modified without the consent of each holder of LYONs as described in "--Modification" below. When a default is waived, it is deemed cured and shall cease to exist, but no such waiver shall extend to any subsequent or other default or impair any consequent right. (Indenture, Section 6.04)

We will be required to furnish to the trustee annually a statement as to any default by us in the performance and observance of our obligations under the indenture. In addition, we will file with the trustee written notice of the occurrence or any default or event of default within five business days of our becoming aware of such default or event of default. (Indenture, Section 6.01)

Merger and Sales of Assets

The indenture provides that Vishay may not consolidate with or merge with or into any other person or convey, transfer or lease its properties and assets substantially as an entirety to another person, unless among other conditions:

- . the resulting, surviving or transferee person is a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia;
- . such person assumes all obligations of Vishay with respect to the LYONs and under the indenture; and
- . Vishay or such successor person shall not immediately thereafter be in default under the indenture.

Upon the assumption of Vishay's obligations by such a person in such circumstances, subject to certain exceptions, Vishay shall be discharged from all obligations with respect to the LYONs and under the indenture. (Indenture, Section 5.01) Although such transactions are permitted under the indenture, certain of the foregoing transactions occurring on or prior to June 4, 2006 could constitute a change in control or a delisting event permitting each holder to require Vishay to purchase the LYONs of such holder as described above.

Modification

We and the trustee may enter into supplemental indentures that add, change or eliminate provisions of the indenture or modify the rights of the holders of the LYONs with the consent of the holders of at least a majority in principal amount at maturity of the LYONs then outstanding.

However, without the consent of each holder, no supplemental indenture may, among other actions:

- . alter the manner of calculation or rate of accrual of original issue discount or contingent interest on any LYON or extend the time of payment;
- . make any LYON payable in money or securities other than that stated in such LYON;
- . change the stated maturity of any LYON;
- . reduce the principal amount at maturity, accrued original issue discount, redemption price, purchase price or trigger event purchase price with respect to any LYON;
- . make any change that adversely affects the right of a holder to convert any LYON;
- . make any change that adversely affects the right to require us to purchase a LYON;
- . impair the right to institute suit for the enforcement of any payment with respect to, or conversion of, the LYONS; or
- . change the provisions in the indenture that relate to modifying or amending the indenture. (Indenture, Section 9.08)

Without the consent of any holder of LYONS, we and the trustee may enter into supplemental indentures for any of the following purposes:

- . to evidence a successor to us and the assumption by that successor of our obligations under the indenture and the LYONS;
- . to add to our covenants for the benefit of the holders of the LYONS or to surrender any right or power conferred upon us;
- . to make any changes or modifications to the indenture necessary in connection with the registration of the LYONS under the Securities Act and the qualification of the LYONS under the Trust Indenture Act as contemplated by the indenture;
- . to cure any ambiguity or inconsistency in the indenture; and
- . to make any change that does not affect the rights of the holders of the LYONS in an adverse manner. (Indenture, Section 9.01)

No modification to the LYONS or the indenture may make any change that adversely affects the rights of any holder of senior indebtedness then outstanding unless the requisite holders of such senior indebtedness consent to such change pursuant to the terms of such senior indebtedness. (Indenture, Section 9.01)

Discharge of the Indenture

We may satisfy and discharge our obligations under the indenture by delivering to the trustee for cancellation all outstanding LYONS or by depositing with the trustee, the paying agent or the conversion agent, if applicable, after the LYONS have become due and payable, whether at stated maturity, or any redemption date, or any purchase date, or a trigger event purchase date, or upon conversion or otherwise, cash or shares of common stock (as applicable under the terms of the indenture) sufficient to pay all of the outstanding LYONS and paying all other sums payable under the indenture. (Indenture, Section 8.01)

Calculations in Respect of LYONS

We will be responsible for making all calculations called for under the LYONS (other than the LYON market price). These calculations include, but are not limited to, determination of our common stock and amounts of contingent interest payments, if any, payable on the LYONS. We will make all these calculations in good faith and, absent manifest error, our calculations will be final and binding on all holders of LYONS. We will provide a schedule of our calculations to the trustee, and the trustee is entitled to rely upon the accuracy of our calculations without independent verification. (Indenture, Section 13.08)

Limitations of Claims in Bankruptcy

If a bankruptcy proceeding is commenced in respect of Vishay, the claim of the holder of a LYON is, under Title 11 of the United States Code, limited to the issue price of the LYON plus that portion of the original issue discount that has accrued from the date of issue to the commencement of the proceeding.

Governing Law

The indenture and the LYONS will be governed by, and construed in accordance with, the law of the State of New York. (Indenture, Section 13.10)

Trustee

The Bank of New York is initially the trustee, registrar, paying agent and conversion agent under the indenture for the LYONS.

Book-Entry System

The LYONS have been issued only in the form of global securities held in book-entry form. DTC or its nominee is the sole registered holder of the LYONS for all purposes under the indenture. Owners of beneficial interests in the LYONS represented by the global securities hold their interests pursuant to the procedures and practices of DTC. (Indenture, Section 2.01(a)) As a result, beneficial interests in any such securities are shown on, and transfers are effected only through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in the limited circumstances described under "--Exchange of Global Securities."

Unless and until LYONS are exchanged for certificated securities as described in the next section (and then except to the extent they have been so exchanged), the procedures described in this prospectus, the LYONS, the indenture and such other documents relating to the conversion of LYONS, the surrender of LYONS for repurchase or payment, identification of LYONS by certificate number and similar matters will be relevant only to DTC as the registered holder. (Indenture, Section 2.06(b))

Owners of beneficial interests will be required to follow such procedures as DTC (or its direct and indirect participants) may establish for exercising rights under or in respect of their interests, including conversion or repurchase rights. Beneficial owners will not be holders and will not be entitled to any direct rights provided to the holders of LYONS under the global securities or the indenture. Vishay and the trustee, and any of their respective agents, will treat DTC as the sole holder and registered owner of the global securities. (Indenture, Section 2.02)

Exchange of Global Securities

We will exchange LYONS represented by global securities in book-entry form for certificated securities with the same terms (and the holders thereof will then be required to follow the procedures established in the LYONS and the indenture for converting, requiring repurchase or otherwise dealing with the LYONS) only if:

- . DTC is unwilling or unable to continue as depositary or DTC ceases to be a clearing agency registered under the Exchange Act and a successor depositary is not appointed by us within 90 days;

. we decide to discontinue use of the system of book-entry transfer through DTC (or any successor depository); or

If an event of default under the indenture occurs and is continuing then DTC may, at its discretion, exchange LYONS for global securities. (Indenture, Section 2.12)

About DTC

DTC has advised us as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC facilitates the settlement of transactions among its participants through electronic computerized book-entry changes in participants' accounts, eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations, some of whom and/or their representatives own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

DESCRIPTION OF CAPITAL STOCK

The aggregate number of shares of capital stock which Vishay has authority to issue is 171,000,000 shares: 1,000,000 shares of preferred stock, par value \$1.00 per share, 150,000,000 shares of common stock, par value \$.10 per share and 20,000,000 shares of Class B common stock, par value \$.10 per share. At a special meeting of stockholders of Vishay to be held in connection with the proposed acquisition of General Semiconductor, Vishay's stockholders will be asked to approve an amendment to the Company's Amended and Restated Certificate of Incorporation increasing the authorized number of shares common stock to 300,000,000 and the authorized number of shares of Class B common stock to 40,000,000. See "Summary--Recent Developments". No shares of preferred stock have been issued. At August 10, 2001, there were 122,432,672 shares of common stock and 15,506,634 shares of Class B common stock outstanding.

After any required payment on shares of preferred stock, holders of common stock and Class B common stock are entitled to receive, and share ratably on a per share basis, all dividends and other distributions declared by the board of directors of Vishay. In the event of a stock dividend or stock split, holders of common stock will receive shares of common stock and holders of Class B common stock will receive shares of Class B common stock. Neither the common stock nor the Class B common stock may be split, divided or combined unless the other is split, divided or combined equally.

The holders of common stock are entitled to one vote for each share held. Holders of Class B common stock are entitled to 10 votes for each share held. The common stock and the Class B common stock vote together as one class on all matters subject to stockholder approval, except as set forth in the following sentence. The approval of the holders of common stock and of Class B common stock, each voting separately as a class, is required to authorize issuances of

additional shares of Class B common stock other than in connection with stock splits and stock dividends.

Shares of Class B common stock are convertible into shares of common stock on a one-for-one basis at any time at the option of the holder thereof. The Class B common stock is not transferable except to the holder's spouse, certain of such holder's relatives, certain trusts established for the benefit of the holder, the holder's spouse or relatives, corporations and partnerships beneficially owned and controlled by such holder, such holder's spouse or relatives, charitable organizations and such holder's estate. Upon any transfer made in violation of those restrictions, shares of Class B common stock will be automatically converted into shares of common stock on a one-for-one basis.

Neither the holders of common stock nor the holders of Class B common stock have any preemptive rights to subscribe for additional shares of capital stock of Vishay.

The common stock is listed on the NYSE. There is no public market for shares of Vishay's Class B common stock. All outstanding shares of common stock and Class B common stock are, and upon conversion, the shares of common stock issuable upon conversion of the LYONs will be, validly issued, fully paid and non-assessable.

Vishay furnishes to its stockholders annual reports containing financial statements certified by an independent public accounting firm. In addition, Vishay furnishes to its stockholders quarterly reports containing unaudited financial information for each of the first three quarters of each year.

American Stock Transfer & Trust Company is the transfer agent and registrar of Vishay's common stock and Class B common stock.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

General

Set forth in full below is the opinion of Kramer Levin Naftalis & Frankel LLP, our counsel, as to certain United States Federal income tax consequences of the purchase, ownership and disposition of the LYONS. This opinion is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change (including retroactive changes in effective dates) or possible differing interpretations. The discussion below deals only with LYONS held as capital assets and does not purport to deal with persons in special tax situations, such as financial institutions, insurance companies, regulated investment companies, dealers in securities or currencies, tax-exempt entities, persons holding LYONS in a tax-deferred or tax-advantaged account, or persons holding LYONS as a hedge against currency risks, as a position in a "straddle" or as part of a "hedging" or "conversion" transaction for tax purposes. Persons considering the purchase of the LYONS should consult their own tax advisors concerning the application of the United States Federal income tax laws to their particular situations as well as any consequences of the purchase, ownership and disposition of the LYONS arising under the laws of any other taxing jurisdiction.

We do not address all of the tax consequences that may be relevant to a U.S. Holder (as defined below). In addition, the following discussion does not discuss all the tax consequences that might be relevant to Non-U.S. Holders. Moreover, in order to protect ourselves from adverse tax consequences, Non-U.S. Holders will be subject to withholding on payments of contingent interest on the LYONS held by such Non-U.S. Holders at a rate of 30%, subject to reduction by an applicable treaty or upon the receipt of a Form W-8ECI from a Non-U.S. Holder claiming that the payments are effectively connected with the conduct of a United States trade or business. In determining a holder's status, the United States entity otherwise required to withhold taxes may rely on appropriate certification of the holder's non-foreign status signed under penalty of perjury. Further, we do not address:

- . the United States Federal income tax consequences to shareholders in, or partners or beneficiaries of, an entity that is a holder of LYONS;
- . the United States Federal estate, gift or alternative minimum tax consequences of the purchase, ownership or disposition of LYONS;
- . persons who hold the LYONS whose functional currency is not the United States dollar;
- . any state, local or foreign tax consequences of the purchase, ownership or disposition of LYONS; or
- . any Federal, state, local or foreign tax consequences of owning or disposing of the common stock.

Accordingly, you should consult your own tax advisor regarding the tax consequences of purchasing, owning and disposing of the LYONS and the common stock in light of your own circumstances.

A U.S. Holder is a beneficial owner of the LYONS who or which is:

- . a citizen or individual resident of the United States, as defined in Section 7701(b) of the Internal Revenue Code of 1986, as amended (which we refer to as the Code);
- . a corporation or partnership, including any entity treated as a corporation or partnership for United States Federal income tax purposes, created or organized in or under the laws of the United States, any state thereof or the District of Columbia unless, in the case of a partnership, Treasury regulations are enacted that provide otherwise;
- . an estate if its income is subject to United States Federal income taxation regardless of its source; or
- . a trust if (1) a United States court can exercise primary supervision over its administration and (2) one or more United States persons have the authority to control all of its substantial decisions.

Notwithstanding the preceding sentence, certain trusts in existence on August 20, 1996, and treated as a U.S. Holder prior to such date, may also be treated as U.S. Holders.

A Non-U.S. Holder is a holder of LYONS other than a U.S. Holder. We urge prospective investors that are Non-U.S. Holders to consult their own tax advisors regarding the United States Federal income tax consequences of an investment in the LYONS, including the application of United States withholding taxes.

No statutory, administrative or judicial authority directly addresses the treatment of the LYONS or instruments similar to the LYONS for United States Federal income tax purposes. No rulings have been sought or are expected to be sought from the Internal Revenue Service (which we refer to as the IRS) with respect to any of the United States Federal income tax consequences discussed below, and no assurance can be given that the IRS will not take contrary positions. As a result, no assurance can be given that the IRS will agree with the tax characterizations and the tax consequences described below.

We urge prospective investors to consult their own tax advisors with respect to the tax consequences to them of the purchase, ownership and disposition of the LYONS and the common stock in light of their own particular circumstances, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in United States Federal or other tax laws.

Classification of the LYONS

We have received an opinion from our counsel Kramer Levin Naftalis & Frankel LLP, that the LYONS will be treated as indebtedness for United States Federal income tax purposes and that the LYONS will be subject to the special regulations governing contingent payment debt instruments (which we refer to as the CPDI regulations).

Accrual of Interest on the LYONS

Pursuant to the terms of the indenture, we and each holder of the LYONS agree, for United States Federal income tax purposes, to treat the LYONS as debt instruments that are subject to the CPDI regulations. Pursuant to these regulations, U.S. Holders of the LYONS will be required to accrue interest income on the LYONS, in the amounts described below, regardless of whether the U.S. Holder uses the cash or accrual method of tax accounting. Accordingly, U.S. Holders will be required to include interest in taxable income in each year in excess of the accruals on the LYONS for non-tax purposes and in excess of any contingent interest payments actually received in that year.

The CPDI regulations provide that a U.S. Holder must accrue an amount of ordinary interest income, as original issue discount for United States Federal income tax purposes, for each accrual period prior to and including the maturity date of the LYONS that equals:

- (1) the product of (i) the adjusted issue price (as defined below) of the LYONS as of the beginning of the accrual period; and (ii) the comparable yield to maturity (as defined below) of the LYONS, adjusted for the length of the accrual period;
- (2) divided by the number of days in the accrual period; and
- (3) multiplied by the number of days during the accrual period that the U.S. Holder held the LYONS.

A LYON's issue price is the first price to the public at which a substantial amount of the LYONS is sold to the public, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. The adjusted issue price of a LYON is its issue price increased by any interest income previously accrued, determined without regard to any adjustments to interest accruals described below, and decreased by the projected amount of any payments previously made with respect to the LYONS.

Kramer Levin Naftalis & Frankel LLP, our counsel, has advised us that the term "comparable yield" means the annual yield we would pay, as of the initial issue date, on a fixed-rate nonconvertible debt security with no contingent payments, but with terms and conditions otherwise comparable to those of the LYONS. Based in part on that advice, we intend to take the position that the comparable yield for the LYONS is 9.28% compounded semiannually. The precise manner of calculating the comparable yield is not absolutely clear.

The CPDI regulations require that we provide to U.S. Holders, solely for United States Federal income tax purposes, a schedule of the projected amounts of payments, which we refer to as projected payments, on the LYONS. This schedule must produce the comparable yield. The projected payment schedule includes estimates for certain payments of contingent interest and an estimate for a payment at maturity taking into account the conversion feature.

The comparable yield and the schedule of projected payments is set forth in the indenture. U.S. Holders may also obtain the projected payment schedule by submitting a written request for such information to: Vishay Intertechnology, Inc., 63 Lincoln Highway, Malvern, Pennsylvania 19355-2120, (610) 644-1300, Attention: Investor Relations.

For United States Federal income tax purposes, a U.S. Holder must use the comparable yield and the schedule of projected payments in determining its interest accruals, and the adjustments thereto described below, in respect of the LYONS, unless such U.S. Holder timely discloses and justifies the use of other estimates to the IRS. A U.S. Holder that determines its own comparable yield or schedule of projected payments must also establish that our comparable yield or schedule of projected payments is unreasonable.

The comparable yield and the schedule of projected payments are not determined for any purpose other than for the determination of a U.S. Holder's interest accruals and adjustments thereof in respect of the LYONS for United States Federal income tax purposes and do not constitute a projection or representation regarding the actual amounts payable on the LYONS.

Amounts treated as interest under the CPDI regulations are treated as original issue discount for all purposes of the Code.

Adjustments to Interest Accruals on the LYONS

If, during any taxable year, a U.S. Holder receives actual payments with respect to the LYONS for that taxable year that in the aggregate exceed the total amount of projected payments for that taxable year, the U.S. Holder will incur a "net positive adjustment" under the CPDI regulations equal to the amount of such excess. The U.S. Holder will treat a "net positive adjustment" as additional interest income for the taxable year. For this purpose, the payments in a taxable year include the fair market value of property received in that year.

If a U.S. Holder receives in a taxable year actual payments with respect to the LYONS for that taxable year that in the aggregate were less than the amount of projected payments for that taxable year, the U.S. Holder will incur a "net negative adjustment" under the CPDI regulations equal to the amount of such deficit. This adjustment will (a) reduce the U.S. Holder's interest income on the LYONS for that taxable year, and (b) to the extent of any excess after the application of (a), give rise to an ordinary loss to the extent of the U.S. Holder's interest income on the LYONS during prior taxable years, reduced to the extent such interest was offset by prior net negative adjustments.

If a U.S. Holder purchases LYONS at a discount or premium to the adjusted issue price, the discount will be treated as a positive adjustment and the premium will be treated as a negative adjustment. The U.S. Holder must reasonably allocate the adjustment over the remaining term of the LYONS by reference to the accruals of original issue discount at the comparable yield or to the projected payments. It may be reasonable to allocate the adjustment over the remaining term of the LYONS pro rata with the accruals of original issue discount at the comparable yield. You should consult your tax advisors regarding these allocations.

Sale, Exchange, Conversion or Redemption

Generally, the sale or exchange of a LYON, or the redemption of a LYON for cash, will result in taxable gain or loss to a U.S. Holder. As described above, our calculation of the comparable yield and the schedule of projected payments for the LYONS, includes the receipt of stock upon conversion as a contingent payment with respect to the LYONS. Accordingly, we intend to treat the receipt of our common stock by a U.S. Holder upon the conversion of a LYON, or upon the redemption of a LYON where we elect to pay in common stock, as a contingent payment under the CPDI regulations. As described above, holders are generally bound by our determination of the comparable yield and the schedule of projected payments. Under this treatment, a conversion or such a redemption will also result in taxable gain or loss to a U.S. Holder. The amount of gain or loss on a taxable sale, exchange, conversion or redemption will be equal to the difference between (a) the amount of cash plus the fair market value of any other property received by the U.S. Holder, including the fair market value of any of our common stock received, and (b) the U.S. Holder's adjusted tax basis in the LYON. A U.S. Holder's adjusted tax basis in a LYON on any date will generally be equal to the U.S. Holder's original purchase price for the LYON, increased by any interest income previously accrued by the U.S. Holder (determined without regard to any adjustments to interest accruals described above), and decreased by the amount of any projected payments, as defined above, projected to have been made through such date. Gain recognized upon a sale, exchange, conversion or redemption of a LYON will generally be treated as ordinary interest income; any loss will be ordinary loss to the extent of interest previously included in income, and thereafter, capital loss (which will be long-term if the LYON is held for more than one year). The deductibility of net capital losses by individuals and corporations is subject to limitations.

A U.S. Holder's tax basis in our common stock received upon a conversion of a LYON or upon a U.S. Holder's exercise of a put right that we elect to pay in common stock will equal the then current fair market value of such common stock. The U.S. Holder's holding period for the common stock received will commence on the day immediately following the date of conversion or redemption.

Constructive Dividends

If at any time we make a distribution of property to our stockholders that would be taxable to the stockholders as a dividend for Federal income tax purposes and, in accordance with the anti-dilution provisions of the LYONS, the conversion rate of the LYONS is increased, such increase may be deemed to be the payment of a taxable dividend to holders of the LYONS.

For example, an increase in the conversion rate in the event of distributions of our evidences of indebtedness or our assets or an increase in the event of an extraordinary cash dividend will generally result in deemed dividend treatment to holders of the LYONS, but generally an increase in the event of stock dividends or the distribution of rights to subscribe for common stock will not.

Treatment of Non-U.S. Holders

Payments of contingent interest made to Non-U.S. Holders will not be exempt from United States Federal income or withholding tax and, therefore, Non-U.S. Holders will be subject to withholding on such payments of contingent interest at a rate of 30%, subject to reduction by an applicable treaty or upon the receipt of a Form W-8ECI from a Non-U.S. Holder claiming that the payments are effectively connected with the conduct of a United States trade or business. A Non-U.S. Holder that is subject to the withholding tax should consult its tax advisors as to whether it can obtain a refund for a portion of the withholding tax, either on the grounds that some portion of the contingent interest represents a return of principal under the CPDI regulations, or on other grounds.

All other payments on the LYONS made to a Non-U.S. Holder, including a payment in common stock pursuant to a conversion, and any gain realized on a sale or exchange of the LYONS (other than income or gain attributable to accrued contingent interest payments), will be exempt from United States income or withholding tax, provided that: (i) such Non-U.S. Holder does not own, actually or constructively, 10 percent or more of the total combined voting power of all classes of our stock entitled to vote, is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership, and is not a bank receiving interest described in section 881(c)(3)(A) of the Code; (ii) the statement requirement set forth in section 871(h) or section 881(c) of the Code has been fulfilled with respect to the beneficial owner, as discussed below; (iii) such payments and gain are not effectively connected with the conduct by such Non-U.S. Holder of a trade or business in the United States; and (iv) our common stock continues to be actively traded within the meaning of section 871(h)(4)(C)(v)(I) of the Code (which, for these purposes and subject to certain exceptions, includes trading on the NYSE).

The statement requirement referred to in the preceding paragraph will be fulfilled if the beneficial owner of a LYONS certifies on IRS Form W-8BEN, under penalties of perjury, that it is not a United States person and provides its name, address and such other information as the form may require.

If a Non-U.S. Holder of the LYONS is engaged in a trade or business in the United States, and if interest on the LYONS is effectively connected with the conduct of such trade or business, the Non-U.S. Holder, although exempt from the withholding tax discussed in the preceding paragraphs, will generally be subject to regular United States Federal income tax on interest and on any gain realized on the sale or exchange of the LYONS in the same manner as if it were a U.S. Holder. In lieu of the certificate described in the preceding paragraph, such a Non-U.S. Holder will be required to provide to the withholding agent a properly executed IRS Form W-8ECI (or successor form) in order to claim an exemption from withholding tax. In addition, if such a Non-U.S. Holder is a foreign corporation, such Non-U.S. Holder may be subject to a

branch profits tax equal to 30% (or such lower rate provided by an applicable treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

Backup Withholding Tax and Information Reporting

Payments of principal, premium, if any, and interest (including original issue discount and a payment in common stock pursuant to a conversion of the LYONs) on, and the proceeds of disposition or retirement of, the LYONs may be subject to information reporting and United States Federal backup withholding tax at the rate of 30.5% if the U.S. Holder thereof fails to supply an accurate taxpayer identification number or otherwise fails to comply with applicable United States information reporting or certification requirements. Any amounts so withheld will be allowed as a credit against such U.S. Holder's United States Federal income tax liability.

SELLING SECURITYHOLDERS

The LYONs were originally issued by us to and resold by Merrill Lynch in transactions exempt from the registration requirements of the Securities Act to persons reasonably believed by to be "qualified institutional buyers" as defined by Rule 144A under the Securities Act. The selling securityholders may from time to time offer and sell pursuant to this prospectus any or all of the LYONs listed below and shares of common stock issued upon purchase by us, or conversion, of such LYONs. When we refer to the "selling securityholders" in this prospectus, we mean those persons listed in the table below, as well as the pledgees, donees, assignees, transferees, successors and others who later hold any of the selling securityholders' interests.

We are filing this registration statement pursuant to a registration rights agreement that we entered into with Merrill Lynch, whereby we agreed, at our expense, and for the benefit of the holders of the LYONs, to file a shelf registration statement covering resale of the LYONs and the shares of common stock issuable upon conversion of the LYONs within 90 days after June 4, 2001 and to cause the registration statement to become effective within 180 days of June 4, 2001. We are also generally required to keep the registration statement effective until June 4, 2003 subject to certain black-out periods upon certain corporate events.

The table below sets forth the name of each selling securityholder, the aggregate principal amount at maturity of LYONs that each selling securityholder may offer pursuant to this prospectus and the number of shares of common stock into which such LYONs are convertible. Unless set forth below, none of the selling securityholders has, or within the past three years has had, any material relationship with us or any of our predecessors or affiliates.

We have prepared the table below based on information given to us by the selling securityholders on or prior to August 15, 2001. Any or all of the LYONs or shares of common stock listed below may be offered for sale pursuant to this prospectus by the selling securityholders from time to time. Accordingly, no estimate can be given as to the amounts of LYONs or shares of common stock that will be held by the selling securityholders upon consummation of any such sales. In addition, the selling securityholders listed in the table below may have acquired, sold or transferred, in transactions exempt from the registration requirements of the Securities Act, some or all of their LYONs since the date as of which the information in the table is presented.

Information about the selling securityholders may change over time. Any changed information will be set forth in prospectus supplements. From time to time, additional information concerning ownership of the LYONs and shares of common stock may rest with certain holders thereof not named in the table below and of whom we are unaware.

Name	Aggregate Principal Amount at Maturity of LYONs that May Be Sold	Percentage of LYONs Outstanding	Number of Shares of common stock that May Be Sold (1)	Percentage of Shares of common stock Outstanding (2)

* Less than one percent (1%).

- (1) Assumes conversion of all of the holder's LYONs at a conversion rate of 17.6686 shares of common stock per \$1,000 principal amount at maturity of the LYONs. This conversion rate is subject to adjustment, however, as described under "Description of the LYONs--Conversion Rights -- Conversion Rate and Delivery of Shares of common stock." As a result, the number of shares of common stock issuable upon conversion of the LYONs may increase or decrease in the future. Does not include shares of common stock that may be issued by us upon purchase of LYONs by us at the option of the holder.
- (2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act, using 122,432,672 shares of common stock outstanding as of August 10, 2001. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that holder's LYONs, but we did not assume conversion of any other holder's LYONs. Does not include shares of common stock that may be issued by us upon purchase of LYONs by us at the option of the holder.
- (3) Information about other selling securityholders will be set forth in prospectus supplements, if required.
- (4) Assumes that any other holders of LYONs, or any future pledgeses, donees, assignees, transferees or successors of or from any such other holders of LYONs, do not beneficially own any shares of common stock other than shares of common stock issuable upon conversion of the LYONs at the initial conversion rate.

As described above under "Description of Capital Stock," with limited exceptions each share of common stock is entitled to one vote per share and each share of Class B common stock is entitled to 10 votes per share on all matters subject to stockholder approval. None of the individually named holders owns beneficially securities representing one percent or more of the total voting power of Vishay.

PLAN OF DISTRIBUTION

We are registering the LYONS and shares of common stock covered by this prospectus to permit holders to conduct public secondary trading of these securities from time to time after the date of this prospectus. We have agreed, among other things, to bear all expenses, other than underwriting discounts and selling commissions, in connection with the registration and sale of the LYONS and shares of common stock covered by this prospectus.

We will not receive any of the proceeds from the resale of the LYONS by the selling securityholders or the sale of any common stock issuable upon conversion of the LYONS. We have been advised by the selling securityholders that the selling securityholders may sell all or a portion of the LYONS and shares of common stock beneficially owned by them and offered hereby from time to time:

- . directly; or
- . through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, commissions or concessions from the selling securityholders or from the purchasers of the LYONS and shares of common stock for whom they may act as agent.

The LYONS and shares of common stock may be sold from time to time in one or more transactions at:

- . fixed prices, which may be changed;
- . prevailing market prices at the time of sale;
- . varying prices determined at the time of sale; or
- . negotiated prices.

These prices will be determined by the holders of the securities or by agreement between these holders and underwriters or dealers who may receive fees or commissions in connection with the sale. The aggregate proceeds to the selling securityholders from the sale of the LYONS or shares of common stock offered by them hereby will be the purchase price of the LYONS or shares of common stock less discounts and commissions, if any.

The sales described in the preceding paragraph may be effected in transactions:

- . on any national securities exchange or quotation service on which the LYONS and shares of common stock may be listed or quoted at the time of sale, including the New York Stock Exchange in the case of shares of common stock;
- . in the over-the-counter market;

- . in transactions otherwise than on such exchanges or services or in the over-the-counter market; or
- . through the writing of options.

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with sales of the LYONs and shares of common stock or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers. These broker-dealers may in turn engage in short sales of the LYONs and shares of common stock in the course of hedging their positions. The selling securityholders may also sell the LYONs and shares of common stock short and deliver the LYONs and shares of common stock to close out short positions, or loan or pledge the LYONs and shares of common stock to broker-dealers that in turn may sell the LYONs and shares of common stock.

To our knowledge, there are currently no plans, arrangements or understandings between any selling securityholders and any underwriter, broker-dealer or agent regarding the sale of the LYONs and shares of common stock by the selling securityholders. Selling securityholders may not sell any, or may not sell all, of the LYONs and shares of common stock offered by them pursuant to this prospectus. In addition, we cannot assure you that a selling securityholder will not transfer, devise or gift the LYONs and shares of common stock by other means not described in this prospectus. In addition, any securities covered by this prospectus that qualify for sale pursuant to Rule 144 or Rule 144A of the Securities Act may be sold under Rule 144 or Rule 144A rather than pursuant to this prospectus.

The outstanding shares of common stock are listed for trading on the New York Stock Exchange.

The selling securityholders and any broker and any broker-dealers, agents or underwriters that participate with the selling securityholders in the distribution of the LYONs or shares of common stock may be deemed to be "underwriters" within the meaning of the Securities Act. In this case, any commissions received by these broker-dealers, agents or underwriters and any profit on the resale of the LYONs or shares of common stock purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. In addition, any profits realized by the selling securityholders may be deemed to be underwriting commissions.

The LYONs were issued and sold in June 2001 in transactions exempt from the registration requirements of the Securities Act to persons reasonably believed by the Initial Purchaser to be "qualified institutional buyers," as defined in Rule 144A under the Securities Act. We have agreed to indemnify Merrill Lynch, as the initial purchaser, and each selling securityholder, and each selling securityholder has agreed to indemnify us, the initial purchaser and each other selling securityholder against specified liabilities arising under the Securities Act.

The selling securityholders and any other person participating in such distribution will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the LYONs and the underlying

shares of common stock by the selling securityholders and any such other person. In addition, Regulation M of the Exchange Act may restrict the ability of any person engaged in the distribution of the LYONs and the underlying shares of common stock to engage in market-making activities with respect to the particular LYONs and the underlying shares of common stock being distributed for a period of up to five business days prior to the commencement of the distribution. This may affect the marketability of the LYONs and the underlying shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the LYONs and the underlying shares of common stock.

We will use our reasonable efforts to keep the registration statement of which this prospectus is a part effective until the earlier of:

- . the sale, pursuant to the registration statement, of all the securities registered thereunder;
- . the expiration of the holding period applicable to the securities held by persons that are not our affiliates under Rule 144(k) under the Securities Act or any successor provision; and
- . sale to the public under Rule 144 of all the securities registered thereunder.

Our obligation to keep the registration statement effective is subject to specified, permitted exceptions. In these cases, we may prohibit offers and sales of the LYONs and shares of common stock pursuant to the registration statement to which this prospectus relates.

LEGAL MATTERS

Certain legal matters regarding the LYONs and the shares of common stock issuable upon conversion of the LYONs are being passed upon for Vishay by Kramer Levin Naftalis & Frankel LLP, New York, New York.

INFORMATION NOT REQUIRED IN THE PROSPECTUS

ITEM 14. OTHER EXPENSES OF ISSUANCE AND DISTRIBUTION*

The Registrant is paying all of the selling securityholders' expenses related to this offering, except that the selling securityholders will pay any applicable broker's commissions and expenses. The following table sets forth the approximate amount of fees and expenses payable by the Registrant in connection with this Registration Statement and the distribution of the LYONs and shares of common stock registered hereby.

SEC registration fee	\$ 76,098
Legal fees and expenses	\$ 100,000
Accounting fees and expenses	\$ 30,000
Printing and engraving expenses	\$ 30,000
Miscellaneous	\$ 10,000

Total	\$ 246,098
	=====

*Except for the SEC registration fee, all of the foregoing expenses have been estimated.

Item 15. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law provides that a corporation has the power to indemnify a director, officer, employee or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against amounts paid and expenses incurred in connection with an action or proceeding to which he is or is threatened to be made a party by reason of such position, if such person shall have acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal proceeding, if such person had no reasonable cause to believe his conduct was unlawful; provided that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the adjudicating court determines that such indemnification is proper under the circumstances.

Vishay's certificate of incorporation provides that every person who is or was a director, officer, employee or agent of the corporation shall be indemnified by the corporation against all judgments, payments in settlement, fines, penalties, and other reasonable costs and expenses resulting from any action, proceeding, investigation or claim which is brought or threatened by or in the right of Vishay or by anyone else by reason of such person being or having been a director, officer, employee or agent of Vishay or any act or omission of such person in such capacity. Such indemnification shall be available either if such person is wholly successful in defending such action or if, in the judgment of a court or the Board of Directors or in the opinion of independent legal counsel, such person acted in good faith in what he reasonably believed to

be in the best interests of the corporation and was not adjudged liable to the corporation, and, in any criminal action, had no reasonable cause to believe that his action was unlawful. In the case of a derivative action, such indemnification shall not be made other than in respect of a court approved settlement or if, in the opinion of independent counsel, the person satisfied the standard of conduct specified in the prior sentence, the action was without substantial merit, the settlement was in the best interest of Vishay and the payment is permissible under applicable law. Directors may authorize the advancement of reasonable costs and expenses in connection with any such action to the extent permitted under Delaware law. Vishay's certificate of incorporation further provides that no director shall have any personal liability to Vishay or to its stockholders for any monetary damages for breach of fiduciary duty, to the extent permitted under the Delaware General Corporation Law.

Vishay maintains \$55 million of insurance to reimburse the directors and officers of Vishay and its subsidiaries, for charges and expenses incurred by them for wrongful acts claimed against them by reason of their being or having been directors or officers of Vishay or any of its subsidiaries. Such insurance specifically excludes reimbursement of any director or officer for any charge or expense incurred in connection with various designated matters, including libel or slander, illegally obtained personal profits, profits recovered by Vishay pursuant to Section 16(b) of the Exchange Act and deliberate dishonesty.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(i) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(ii) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(iii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the maximum aggregate offering price may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act, if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iv) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement; provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed or furnished to the Commission by the Registrant pursuant to Section 13 or 15(d) of the Securities and Exchange Act of 1934 that are incorporated by reference in the registration statement.

(v) That, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(vi) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration

statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant, pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, as amended, and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Malvern, State of Pennsylvania, on the 21st day of August, 2001.

REGISTRATION RIGHTS AGREEMENT

THIS REGISTRATION RIGHTS AGREEMENT is made and entered into as of June 4, 2001, by and among Vishay Intertechnology, INC., a Delaware corporation (the "Company") and MERRILL LYNCH & CO., MERRILL LYNCH, PIERCE, FENNER & SMITH INCORPORATED (the "Initial Purchaser").

This Agreement is made pursuant to the Purchase Agreement, dated May 30, 2001 (the "Purchase Agreement"), among the Company, as issuer of the Liquid Yield Option Notes due 2021 (the "LYONs") and the Initial Purchaser, which provides for, among other things, the sale by the Company to the Initial Purchaser of the aggregate principal amount at maturity of LYONs specified therein. In order to induce the Initial Purchaser to enter into the Purchase Agreement, the Company has agreed to provide the registration rights set forth in this Agreement. The execution of this Agreement is a condition to the closing under the Purchase Agreement.

The Company agrees with the Initial Purchaser, (i) for its benefit as Initial Purchaser and (ii) for the benefit of the beneficial owners (including the Initial Purchaser) from time to time of the LYONs, and the beneficial owners from time to time of the Underlying Common Stock (as defined herein) issued upon conversion of the LYONs, if any, (each of the foregoing a "Holder" and together the "Holders"), as follows:

SECTION 1. Definitions. Capitalized terms used herein without definition

shall have their respective meanings set forth in the Purchase Agreement. As used in this Agreement, the following terms shall have the following meanings:

"Affiliate" With respect to any specified person, an "affiliate," as defined in Rule 144, of such person.

"Applicable Conversion Price" The Applicable Conversion Price as of any date of determination means the Applicable Principal Amount per \$1,000 principal amount at maturity of LYONs as of such date of determination divided by the Conversion Rate in effect as of such date of determination or, if no LYONs are then outstanding, the Conversion Rate that would be in effect were LYONs then outstanding.

"Applicable Principal Amount" Applicable Principal Amount as of any date of determination, with respect to each \$1,000 principal amount at maturity of LYONs means the sum of the initial issue price of such LYONs (\$551.26) plus accrued original issue discount with respect to such LYON through such date of determination or, if no LYONs are then outstanding, such sum calculated as if such LYONs were then outstanding.

"Business Day" Any day, other than Saturday or Sunday or a day on which banking institutions in The City of New York are authorized or obligated by law or executive order to close.

"Common Stock" The common stock, \$0.10 par value, of the Company and any other shares of common stock as may constitute "Common Stock" for purposes of the Indenture, including the Underlying Common Stock.

"Company" See the first paragraph of this Agreement.

"Conversion Rate" Conversion Rate shall have the meaning assigned to such term in the Indenture.

"Damages Accrual Period" See Section 2(e) hereof.

"Damages Payment Date" Each June 4 and December 4.

"Deferral Notice" See Section 3(i) hereof.

"Deferral Period" See Section 3(i) hereof.

"Effectiveness Deadline Date" See Section 2(a) hereof.

"Effectiveness Period" The period of two years from the Issue Date or such shorter period ending on the date that all Registrable Securities have ceased to be Registrable Securities.

"Event" See Section 2(e) hereof.

"Event Termination Date" See Section 2(e) hereof.

"Event Date" See Section 2(e) hereof.

"Exchange Act" The Securities Exchange Act of 1934, as amended, and the rules and regulations of the SEC promulgated thereunder.

"Filing Deadline Date" See Section 2(a) hereof.

"Holder" See the second paragraph of this Agreement.

"Indenture" The Indenture, dated as of the date hereof, among the Company and The Bank of New York, as trustee, pursuant to which the LYONS are being issued.

"Initial Purchaser" See the first paragraph of this Agreement.

"Initial Shelf Registration Statement" See Section 2(a) hereof.

"Issue Date" means June 4, 2001.

"Liquidated Damages Amount" See Section 2(e) hereof.

"LYONS" See the second paragraph of this Agreement.

"Material Event" See Section 3(i) hereof.

"Notice and Questionnaire" A written notice delivered to the Company containing substantially the information called for by the Selling Securityholder Notice and Questionnaire attached as Annex A to the Final Offering Memorandum of the Company, dated May 30, 2001, relating to the LYONS.

"Notice Holder" On any date, any Holder that has delivered a Notice and Questionnaire to the Company on or prior to such date.

"Prospectus" The prospectus included in any Registration Statement (including, without limitation, a prospectus that discloses information previously omitted from a prospectus filed as part of an effective registration statement in reliance upon Rule 415 promulgated under the Securities Act), as amended or supplemented by any amendment or prospectus supplement, including post-effective amendments, and all materials incorporated by reference in such Prospectus.

"Purchase Agreement" See the first paragraph of this Agreement.

"Record Holder" With respect to any Damages Payment Date relating to any LYON or Underlying Common Stock as to which any Liquidated Damages Amount has accrued, the registered holder of such LYON or Underlying Common Stock, as the case may be, on the 15th day immediately preceding such Damages Payment Date.

"Registrable Securities" The Securities, until such securities have been converted or exchanged and, at all times subsequent to any such conversion or exchange, any securities into or for which such securities have been converted or exchanged, and any security issued with respect thereto upon any stock dividend, split, merger or similar event until, in the case of any such security, the earliest of (i) its effective registration under the Securities Act and resale in accordance with the Registration Statement covering it, (ii) expiration of the holding period that would be applicable thereto under Rule 144(k) were it not held by an Affiliate of the Company or (iii) its sale to the public pursuant to Rule 144.

"Registration Expenses" See Section 5 hereof.

"Registration Statement" Any registration statement of the Company that covers any of the Registrable Securities pursuant to the provisions of this Agreement, including the Prospectus, amendments and supplements to such registration statement, including post-effective amendments, all exhibits, and all materials incorporated by reference in such registration statement.

"Restated Principal Amount" Restated Principal Amount shall have the meaning assigned to such term in the Indenture.

"Restricted Securities" As this term is defined in Rule 144.

"Rule 144" Rule 144 under the Securities Act, as such Rule may be amended from time to time, or any similar rule or regulation hereafter adopted by the SEC.

"Rule 144A" Rule 144A under the Securities Act, as such Rule may be amended from time to time, or any similar rule or regulation hereafter adopted by the SEC.

"SEC" The Securities and Exchange Commission.

"Securities" Collectively means the LYONs and the Underlying Common Stock.

"Securities Act" The Securities Act of 1933, as amended, and the rules and regulations promulgated by the SEC thereunder.

"Shelf Registration Statement" See Section 2(a) hereof.

"Subsequent Shelf Registration Statement" See Section 2(b) hereof.

"Tax Event" shall have the meanings assigned to such term in the Indenture.

"TIA" The Trust Indenture Act of 1939, as amended.

"Trustee" The Bank of New York (or any successor entity), the Trustee under the Indenture.

"Underlying Common Stock" The Common Stock into which the LYONs are convertible or issued upon any such conversion or payment of the purchase price of a purchase of LYONs.

SECTION 2. Shelf Registration.

(a) The Company shall prepare and file or cause to be prepared and filed with the SEC no later than a date which is ninety (90) days after the Issue Date (the "Filing Deadline Date") a Registration Statement for an offering to be made on a delayed or continuous basis pursuant to Rule 415 of the Securities Act (a "Shelf Registration Statement") registering the resale from time to time by Holders thereof of all of the Registrable Securities (the "Initial Shelf Registration Statement"). The Initial Shelf Registration Statement shall be on Form S-3 or another appropriate form permitting registration of such Registrable Securities for resale by such Holders in accordance with the methods of distribution reasonably elected by the Holders and set forth in the Initial Shelf Registration Statement; provided, that in no event will such method(s) of distribution take the form of an underwritten offering of the Registrable Securities without the prior agreement of the Company. The Company shall use reasonable efforts to cause the Initial Shelf Registration Statement to be declared effective under the Securities Act by the date (the "Effectiveness Deadline Date") that is one hundred and eighty (180) days after the Issue Date, and to keep the Initial Shelf Registration Statement (or any Subsequent Shelf Registration Statement) continuously effective under the Securities Act until the expiration of the Effectiveness Period subject to the rights of the Company under Section 3(i) to create a Deferral Period. At the time the Initial Shelf Registration Statement is declared effective, each Holder that became a Notice Holder on or prior to the date 10 Business Days prior to such time of effectiveness shall be named as a selling securityholder in the Initial Shelf Registration Statement and the related Prospectus in such a manner as to permit such Holder to deliver such Prospectus to purchasers of Registrable Securities in accordance with applicable law under

ordinary circumstances, subject to compliance with blue sky laws. None of the Company's securityholders (other than the Holders of Registrable Securities) shall have the right to include any of the Company's securities in the Shelf Registration Statement.

(b) If the Initial Shelf Registration Statement or any Subsequent Shelf Registration Statement ceases to be effective other than during a Deferral Period for any reason at any time during the Effectiveness Period, the Company shall use reasonable efforts to obtain the prompt withdrawal of any order suspending the effectiveness thereof, and in any event shall within thirty (30) days of such cessation of effectiveness amend the Shelf Registration Statement in a manner reasonably expected by the Company to obtain the withdrawal of the order suspending the effectiveness thereof, or file an additional Shelf Registration Statement covering all of the Securities that as of the date of such filing are Registrable Securities (a "Subsequent Shelf Registration Statement"). If a Subsequent Shelf Registration Statement is filed, the Company shall use reasonable efforts to cause the Subsequent Shelf Registration Statement to become effective as promptly as reasonably practicable after such filing, unless during a Deferral Period, or, if filed during a Deferral Period, after the expiration of a Deferral Period, and to keep such Registration Statement (or subsequent Shelf Registration Statement) continuously effective until the end of the Effectiveness Period.

(c) The Company shall supplement and amend the Shelf Registration Statement if required by the rules, regulations or instructions applicable to the registration form used by the Company for such Shelf Registration Statement, if required by the Securities Act or, to the extent to which the Company does not reasonably object, as reasonably requested by the Initial Purchaser or by the Trustee on behalf of the registered Holders.

(d) Each Holder of Registrable Securities agrees that if such Holder wishes to sell Registrable Securities pursuant to a Shelf Registration Statement and related Prospectus, it will do so only in accordance with this Section 2(d) and Section 3(i). Each Holder of Registrable Securities wishing to sell Registrable Securities pursuant to a Shelf Registration Statement and related Prospectus agrees to deliver a Notice and Questionnaire to the Company at least five (5) Business Days prior to any intended distribution of Registrable Securities under the Shelf Registration Statement. From and after the date the Initial Shelf Registration Statement is declared effective, the Company shall, as promptly as reasonably practicable after the date a Notice and Questionnaire is delivered, (i) if required by applicable law, file with the SEC a post-effective amendment to the Shelf Registration Statement or prepare and, if required by applicable law, file a supplement to the related Prospectus or a supplement or amendment to any document incorporated therein by reference or file any other document required by the SEC so that the Holder delivering such Notice and Questionnaire is named as a selling securityholder in the Shelf Registration Statement and the related Prospectus in such a manner as to permit such Holder to deliver such Prospectus to purchasers of the Registrable Securities in accordance with applicable law and, if the Company shall file a post-effective amendment to the Shelf Registration Statement, use reasonable efforts to cause such post-effective amendment to be declared effective under the Securities Act as promptly as reasonably practicable; (ii) provide such Holder copies of any documents filed pursuant to Section 2(d)(i); and (iii) notify such Holder as promptly as reasonably practicable after the effectiveness under the Securities Act of any post-effective amendment filed pursuant to Section 2(d)(i); provided, that if such Notice and Questionnaire is delivered during a Deferral Period, the Company shall so inform the Holder

delivering such Notice and Questionnaire and shall take the actions set forth in clauses (i), (ii) and (iii) above upon expiration of the Deferral Period in accordance with Section 3(i), provided, further, that if under applicable law the Company has more than one option as to the type or manner of making any such filing, as set forth in an opinion of nationally-recognized counsel experienced in such matters delivered by the Holder to the Company, it will make the required filing or filings in the manner or of a type that is reasonably expected to result in the earliest availability of the Prospectus for effecting resales of Registrable Securities unless such option would be adverse to the Company or result in increased costs. Notwithstanding anything contained herein to the contrary, the Company shall be under no obligation to name any Holder that is not a Notice Holder as a selling securityholder in any Registration Statement or related Prospectus; provided, however, that any Holder that becomes a Notice Holder pursuant to the provisions of Section 2(d) of this Agreement (whether or not such Holder was a Notice Holder at the time the Registration Statement was initially declared effective) shall be named as a selling securityholder in the Registration Statement or related Prospectus subject to and in accordance with the requirements of this Section 2(d).

(e) The parties hereto agree that the Holders of Registrable Securities will suffer damages, and that it would not be feasible to ascertain the extent of such damages with precision, if (i) the Initial Shelf Registration Statement has not been filed on or prior to the Filing Deadline Date, (ii) the Initial Shelf Registration Statement has not been declared effective under the Securities Act on or prior to the Effectiveness Deadline Date, or (iii) the aggregate duration of Deferral Periods in any period exceeds the number of days permitted in respect of such period pursuant to Section 3(i) hereof (each of the events of a type described in any of the foregoing clauses (i) through (iii) are individually referred to herein as an "Event," and the Filing Deadline Date in the case of clause (i), the Effectiveness Deadline Date in the case of clause (ii), and the date on which the aggregate duration of Deferral Periods in any period exceeds the number of days permitted by Section 3(i) hereof in the case of clause (iii), being referred to herein as an "Event Date"). Events shall be deemed to continue until the "Event Termination Date," which shall be the following dates with respect to the respective types of Events: the date the Initial Shelf Registration Statement is filed in the case of an Event of the type described in clause (i), the date the Initial Shelf Registration Statement is declared effective under the Securities Act in the case of an Event of the type described in clause (ii), termination of the Deferral Period that caused the limit on the aggregate duration of Deferral Periods in a period set forth in Section 3(i) to be exceeded in the case of the commencement of an Event of the type described in clause (iii).

Accordingly, commencing on (and including) any Event Date and ending on (but excluding) the next date on which there are no Events that have occurred and are continuing (a "Damages Accrual Period"), the Company agrees to pay, as liquidated damages and not as a penalty, an amount (the "Liquidated Damages Amount"), payable on the Damages Payment Dates to Record Holders of then outstanding LYONs that are Registrable Securities or of then outstanding shares of Underlying Common Stock issued upon conversion of LYONs that are Registrable Securities, if any, as the case may be, accruing, for each portion of such Damages Accrual Period beginning on and including a Damages Payment Date (or, in respect of the first time that the Liquidation Damages Amount is to be paid to Holders on a Damages Payment Date as a result of the occurrence of any particular Event occurring since the most recent Damages Payment Event, from the Event Date) and ending on but excluding the first to occur of (A) the date of the end of the Damages Accrual Period or (B) the next Damages Payment Date, at a rate

per annum equal to one-quarter of one percent (0.25%) for the first 90-day period from the Event Date, and thereafter at a rate per annum equal to one-half of one percent (0.5%) of the aggregate Applicable Principal Amount of such LYONS to Record Holders of the then outstanding LYONS that are Registrable Securities or the aggregate Applicable Conversion Price of the shares of Underlying Common Stock to Record Holders of the then outstanding shares of Common Stock that are Registrable Securities, as the case may be, in each case determined as of the Business Day immediately preceding the next Damages Payment Date; provided, that any Liquidated Damages Amount accrued with respect to any LYON or portion thereof called for redemption on a redemption date or converted into Underlying Common Stock on a conversion date prior to the Damages Payment Date, shall, in any such event, be paid instead to the Holder who submitted such LYON or portion thereof for redemption or conversion on the applicable redemption date or conversion date, as the case may be, on such date (or promptly following the conversion date, in the case of conversion). Notwithstanding the foregoing, no Liquidated Damages Amounts shall accrue as to any Registrable Security from and after the earlier of (x) the date such security is no longer a Registrable Security and (y) expiration of the Effectiveness Period. The rate of accrual of the Liquidated Damages Amount with respect to any period shall not exceed the rate provided for in this paragraph notwithstanding the occurrence of multiple concurrent Events. Following the cure of all Events requiring the payment by the Company of Liquidated Damages Amounts to the Holders of Registrable Securities pursuant to this Section, the accrual of Liquidated Damages Amounts will cease (without in any way limiting the effect of any subsequent Event requiring the payment of the Liquidated Damages Amount by the Company) and accrued and unpaid Liquidated Damages will be paid in cash to the date of such cure to the Holder of record on the immediately succeeding Damages Payment Date.

The Trustee shall be entitled, on behalf of Holders of LYONS or Underlying Common Stock, to seek any available remedy for the enforcement of this Agreement, including for the payment of any Liquidated Damages Amount. Notwithstanding the foregoing, the parties agree that the sole remedy for a violation of the terms of this Agreement with respect to which liquidated damages are expressly provided shall be such liquidated damages.

All of the Company's obligations set forth in this Section 2(e) that are outstanding with respect to any Registrable Security at the time such Security ceases to be a Registrable Security shall survive until such time as all such obligations with respect to such security have been satisfied in full (notwithstanding termination of this Agreement pursuant to Section 8(j)).

The parties hereto agree that the liquidated damages provided for in this Section 2(e) constitute a reasonable estimate of the damages that may be incurred by Holders of Registrable Securities by reason of the failure of the Shelf Registration Statement to be filed or declared effective or available for effecting resales of Registrable Securities in accordance with the provisions hereof.

SECTION 3. Registration Procedures. In connection with the registration

obligations of the Company under Section 2 hereof, the Company shall:

(a) Before filing any Registration Statement or Prospectus or any amendments or supplements thereto with the SEC, furnish to the Initial Purchaser copies of all such

documents proposed to be filed and use reasonable efforts to reflect in each such document when so filed with the SEC such comments as the Initial Purchaser reasonably shall propose.

(b) Prepare and file with the SEC such amendments and post-effective amendments to each Registration Statement as may be necessary to keep such Registration Statement continuously effective for the applicable period specified in Section 2(a); cause the related Prospectus to be supplemented by any required Prospectus supplement, and as so supplemented to be filed pursuant to Rule 424 (or any similar provisions then in force) under the Securities Act; and use reasonable efforts to comply with the provisions of the Securities Act applicable to it with respect to the disposition of all securities covered by such Registration Statement during the Effectiveness Period in accordance with the intended methods of disposition by the sellers thereof set forth in such Registration Statement as so amended or such Prospectus as so supplemented.

(c) As promptly as reasonably practicable give notice to the Notice Holders and the Initial Purchaser (i) when any Prospectus, Prospectus supplement, Registration Statement or post-effective amendment to a Registration Statement has been filed with the SEC and, with respect to a Registration Statement or any post-effective amendment, when the same has been declared effective, (ii) of any request, following the effectiveness of the Initial Shelf Registration Statement under the Securities Act, by the SEC or any other federal or state governmental authority for amendments or supplements to any Registration Statement or related Prospectus or for additional information, (iii) of the issuance by the SEC or any other federal or state governmental authority of any stop order suspending the effectiveness of any Registration Statement or the initiation or threatening of any proceedings for that purpose, (iv) of the receipt by the Company of any notification with respect to the suspension of the qualification or exemption from qualification of any of the Registrable Securities for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose, (v) of the occurrence of (but not the nature of or details concerning) a Material Event (provided, however, that no notice by the Company shall be required pursuant to this clause (v) in the event that the Company either promptly files a Prospectus supplement to update the Prospectus or a Form 8-K or other appropriate Exchange Act report that is incorporated by reference into the Registration Statement, which, in either case, contains the requisite information with respect to such Material Event that results in such Registration Statement no longer containing any untrue statement of material fact or omitting to state a material fact necessary to make the statements contained therein not misleading) and (vi) of the determination by the Company that a post-effective amendment to a Registration Statement will be filed with the SEC, which notice may, at the discretion of the Company (or as required pursuant to Section 3(i)), state that it constitutes a Deferral Notice, in which event the provisions of Section 3(i) shall apply.

(d) Use reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of a Registration Statement or the lifting of any suspension of the qualification (or exemption from qualification) of any of the Registrable Securities for sale in any jurisdiction in which they have been qualified for sale, in either case at the earliest possible moment or, if a Deferral Period is in effect, at the earliest possible moment after the Deferral Period.

(e) If reasonably requested by the Initial Purchaser or any Notice Holder, as promptly as reasonably practicable incorporate in a Prospectus supplement or post-effective

amendment to a Registration Statement such information as the Initial Purchaser or such Notice Holder shall, on the basis of an opinion of nationally-recognized counsel experienced in such matters, determine to be required to be included therein by applicable law and make any required filings of such Prospectus supplement or such post-effective amendment; provided, that the Company shall not be required to take any actions under this Section 3(e) that are not, in the reasonable opinion of counsel for the Company, in compliance with applicable law.

(f) As promptly as reasonably practicable furnish to each Notice Holder and the Initial Purchaser, upon their request and without charge, at least one (1) conformed copy of the Registration Statement and any amendment thereto, including financial statements, but excluding schedules, all documents incorporated or deemed to be incorporated therein by reference and all exhibits (unless requested in writing to the Company by such Notice Holder or the Initial Purchaser, as the case may be).

(g) During the Effectiveness Period, deliver to each Notice Holder in connection with any sale of Registrable Securities pursuant to a Registration Statement, without charge, as many copies of the Prospectus or Prospectuses relating to such Registrable Securities (including each preliminary prospectus) and any amendment or supplement thereto as such Notice Holder may reasonably request; and the Company hereby consents (except during such periods that a Deferral Notice is outstanding and has not been revoked) to the use of such Prospectus or each amendment or supplement thereto by each Notice Holder in connection with any offering and sale of the Registrable Securities covered by such Prospectus or any amendment or supplement thereto in the manner set forth therein.

(h) Subject to Section 3(i), prior to any public offering of the Registrable Securities pursuant to the Shelf Registration Statement, use reasonable efforts to register or qualify or cooperate with the Notice Holders in connection with the registration or qualification (or exemption from such registration or qualification) of such Registrable Securities for offer and sale under the securities or Blue Sky laws of such jurisdictions within the United States as any Notice Holder reasonably requests in writing (which request may be included in the Notice and Questionnaire) it being agreed that no such registration or qualification will be made unless so requested; prior to any public offering of the Registrable Securities pursuant to the Shelf Registration Statement, use reasonable efforts to keep each such registration or qualification (or exemption therefrom) effective during the Effectiveness Period in connection with such Notice Holder's offer and sale of Registrable Securities pursuant to such registration or qualification (or exemption therefrom) and do any and all other acts or things necessary to enable the disposition in such jurisdictions of such Registrable Securities in the manner set forth in the relevant Registration Statement and the related Prospectus; provided, that the Company will not be required to (i) qualify as a foreign corporation or as a dealer in securities in any jurisdiction where it is not otherwise qualified but for this Agreement or (ii) take any action that would subject it to general service of process in suits or to taxation in any such jurisdiction where it is not then so subject.

(i) Upon (A) the issuance by the SEC of a stop order suspending the effectiveness of the Shelf Registration Statement or the initiation of proceedings with respect to the Shelf Registration Statement under Section 8(d) or 8(e) of the Securities Act, (B) the occurrence of any event or the existence of any fact (a "Material Event") as a result of which any

Registration Statement shall contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, or any Prospectus shall contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, or (C) the occurrence or existence of any corporate development that, in the discretion of the Company, makes it appropriate to suspend the availability of the Shelf Registration Statement and the related Prospectus, (i) in the case of clause (B) above, subject to the next sentence, as promptly as reasonably practicable prepare and file a post-effective amendment to such Registration Statement or a supplement to the related Prospectus or any document incorporated therein by reference or file any other required document that would be incorporated by reference into such Registration Statement and Prospectus so that such Registration Statement does not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and such Prospectus does not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, as thereafter delivered to the purchasers of the Registrable Securities being sold thereunder, and, in the case of a post-effective amendment to a Registration Statement, subject to the next sentence, use reasonable efforts to cause it to be declared effective as promptly as is reasonably practicable, and (ii) give notice to the Notice Holders that the availability of the Shelf Registration Statement is suspended (a "Deferral Notice") and, upon receipt of any Deferral Notice, each Notice Holder agrees not to sell any Registrable Securities pursuant to the Registration Statement until such Notice Holder's receipt of copies of the supplemented or amended Prospectus provided for in clause (i) above, or until it is advised in writing by the Company that the Prospectus may be used, and has received copies of any additional or supplemental filings that are incorporated or deemed incorporated by reference in such Prospectus. If so directed by the Company each Notice Holder will deliver to the Company (at the Company's expense) all copies, other than permanent file copies then in such Notice Holder's possession, of the Registration Statement or the related Prospectus current at the time of receipt by such Notice Holder of any Deferral Notice. The Company will use all reasonable efforts to ensure that the use of the Prospectus may be resumed (x) in the case of clause (A) above, as promptly as reasonably practicable, (y) in the case of clause (B) above, as soon as, in the sole judgment of the Company, public disclosure of such Material Event would not be prejudicial to or contrary to the interests of the Company or, if necessary to avoid unreasonable burden or expense, as soon as reasonably practicable thereafter and (z) in the case of clause (C) above, as soon as, in the discretion of the Company, such suspension is no longer appropriate. The period during which the availability of the Registration Statement and any Prospectus is suspended (the "Deferral Period") shall, without the Company incurring any obligation to pay liquidated damages pursuant to Section 2(e), not exceed forty-five (45) days in any three (3) month period or one hundred and twenty (120) days in any twelve (12) month period.

(j) If reasonably requested in writing in connection with a disposition of Registrable Securities pursuant to a Registration Statement, make reasonably available for inspection during normal business hours by a representative for the Notice Holders of such Registrable Securities and any broker-dealers, attorneys and accountants retained by such Notice Holders, all relevant financial and other records, pertinent corporate documents and properties of the Company and its subsidiaries, and cause the appropriate executive officers, directors and

designated employees of the Company and its subsidiaries to make reasonably available for inspection during normal business hours all relevant information reasonably requested by such representative for the Notice Holders or any such broker-dealers, attorneys or accountants in connection with such disposition, in each case as is customary for similar "due diligence" examinations; provided, however, that such persons shall first agree in writing with the Company that any information that is reasonably designated by the Company in writing as confidential at the time of delivery of such information shall be kept confidential by such persons and shall be used solely for the purposes of exercising rights under this Agreement and such person shall comply with applicable securities laws, unless (i) disclosure of such information is required by court or administrative order or is necessary to respond to inquiries of regulatory authorities, (ii) disclosure of such information is required by law (including any disclosure requirements pursuant to federal securities laws in connection with the filing of any Registration Statement or the use of any Prospectus referred to in this Agreement), (iii) such information becomes generally available to the public other than as a result of a disclosure or failure to safeguard by any such person or (iv) such information becomes available to any such person from a source other than the Company and such source is not bound by a confidentiality agreement; and provided further, that the foregoing inspection and information gathering shall, to the greatest extent possible, be coordinated on behalf of all the Notice Holders and the other parties entitled thereto by the counsel referred to in Section 5.

(k) Comply with all applicable rules and regulations of the SEC and make generally available to its securityholders earning statements (which need not be audited) satisfying the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any similar rule promulgated under the Securities Act) no later than 90 days after the end of the first 12-month period constituting a fiscal year commencing on the first day of the first fiscal quarter of the first fiscal year of the Company commencing after the effective date of a Registration Statement, which statements shall cover said 12-month periods.

(l) Cooperate with each Notice Holder to facilitate the timely preparation and delivery of certificates representing Registrable Securities sold pursuant to a Registration Statement, and cause such Registrable Securities to be in such denominations as are permitted by the Indenture and registered in such names as such Notice Holder may request in writing at least two Business Days prior to any sale of such Registrable Securities.

(m) Provide a CUSIP number for all Registrable Securities covered by each Registration Statement not later than the effective date of such Registration Statement and provide the Trustee for the LYONs and the transfer agent for the Common Stock with certificates for the Registrable Securities that are in a form eligible for deposit with The Depository Trust Company.

(n) Make reasonable effort to provide information as is required for any filings required to be made with the National Association of Securities Dealers, Inc.

(o) Upon (i) the filing of the Initial Shelf Registration Statement and (ii) the effectiveness of the Initial Shelf Registration Statement, announce the same, in each case by release to Reuters Economic Services and Bloomberg Business News or other reasonable means of distribution.

(p) Enter into such customary agreements and take all such other reasonable necessary actions in connection therewith (including those reasonably requested by the Holders of a majority of the Registrable Securities being sold) in order to expedite or facilitate disposition of such Registrable Securities; provided that the Company shall not be required to take any action in connection with an underwritten offering without its consent; and

(q) Cause the Indenture to be qualified under the TIA not later than the effective date of any Registration Statement; and in connection therewith, cooperate with the Trustee to effect such changes to the Indenture as may be required for the Indenture to be so qualified in accordance with the terms of the TIA and execute, and use reasonable efforts to cause the Trustee to execute, all documents as may be required to effect such changes, and all other forms and documents required to be filed with the SEC to enable the Indenture to be so qualified in a timely manner.

SECTION 4. Holder's Obligations. Each Holder agrees, by acquisition of the

Registrable Securities, that no Holder of Registrable Securities shall be entitled to sell any of such Registrable Securities pursuant to a Registration Statement or to receive a Prospectus relating thereto, unless such Holder has furnished the Company with a Notice and Questionnaire as required pursuant to Section 2(d) hereof (including the information required to be included in such Notice and Questionnaire) and the information set forth in the next sentence. Each Notice Holder agrees promptly to furnish to the Company all information required to be disclosed in order to make the information previously furnished to the Company by such Notice Holder not misleading and any other information regarding such Notice Holder and the distribution of such Registrable Securities as may be required to be disclosed in the Registration Statement under applicable law or pursuant to SEC comments. Each Holder further agrees to notify the Company within 10 business days of request, of the amount of Registrable Securities sold pursuant to the Registration Statement and, in the absence of a response, the Company may assume that all of the Holder's Registrable Securities were so sold.

SECTION 5. Registration Expenses. The Company shall bear all fees and

expenses incurred in connection with the performance by the Company of its obligations under Sections 2 and 3 of this Agreement whether or not any of the Registration Statements are declared effective. Such fees and expenses shall include, without limitation, (i) all registration and filing fees (including, without limitation, fees and expenses (x) with respect to filings required to be made with the National Association of Securities Dealers, Inc. and (y) of compliance with federal and state securities or Blue Sky laws to the extent such filings or compliance are required pursuant to this Agreement (including, without limitation, reasonable fees and disbursements of the counsel specified in the next sentence in connection with Blue Sky qualifications of the Registrable Securities under the laws of such jurisdictions as the Notice Holders of a majority of the Registrable Securities being sold pursuant to a Registration Statement may designate)), (ii) printing expenses (including, without limitation, expenses of printing certificates for Registrable Securities in a form eligible for deposit with The Depository Trust Company), (iii) duplication expenses relating to copies of any Registration Statement or Prospectus delivered to any Holders hereunder, (iv) fees and disbursements of counsel for the Company in connection with the Shelf Registration Statement, and (v) reasonable fees and disbursements of the Trustee and its counsel and of the registrar and transfer agent for the Common Stock. In addition, the Company shall bear or reimburse the Notice Holders for the reasonable fees and disbursements of one firm of

legal counsel for the Holders, which shall, upon the written consent of the Initial Purchaser (which shall not be unreasonably withheld), be a nationally recognized law firm experienced in securities law matters designated by the Company. In addition, the Company shall pay the internal expenses of the Company (including, without limitation, all salaries and expenses of officers and employees performing legal or accounting duties), the expense of any annual audit, the fees and expenses incurred in connection with the listing of the Registrable Securities on any securities exchange on which the same securities of the Company are then listed and the fees and expenses of any person, including special experts, retained by the Company.

SECTION 6. Indemnification; Contribution.

(a) The Company agrees to indemnify and hold harmless the Initial Purchaser and each Holder of Registrable Securities and each person, if any, who controls the Initial Purchaser or any Holder of Registrable Securities within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act, as follows:

(i) against any and all loss, liability, claim, damage and expense whatsoever, as incurred, arising out of any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement (or any amendment thereto), or the omission or alleged omission therefrom of a material fact required to be stated therein or necessary to make the statements therein not misleading or arising out of any untrue statement or alleged untrue statement of a material fact included in any preliminary prospectus or the Prospectus (or any amendment or supplement thereto), or the omission or alleged omission therefrom of a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(ii) against any and all loss, liability, claim, damage and expense whatsoever, as incurred, to the extent of the aggregate amount paid in settlement of any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or of any claim whatsoever based upon any such untrue statement or omission, or any such alleged untrue statement or omission, provided that (subject to Section 6(d) below) any such settlement is effected with the prior written consent of the Company; and

(iii) against any and all expense whatsoever, as incurred (including the fees and disbursements of counsel chosen by the Initial Purchaser), reasonably incurred in investigating, preparing or defending against any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever based upon any such untrue statement or omission, or any such alleged untrue statement or omission, to the extent that any such expense is not paid under (i) or (ii) above;

provided, however, that this indemnity agreement shall not apply to any loss,

liability, claim, damage or expense to the extent arising out of any untrue statement or omission or alleged untrue statement or omission made in reliance upon and in conformity with written information furnished to the Company by the Initial Purchaser, such Holder of Registrable Securities (which

also acknowledges the indemnity provisions herein) or any person, if any, who controls the Initial Purchaser or any such Holder of Registrable Securities expressly for use in the Registration Statement (or any amendment thereto), or any preliminary prospectus or the Prospectus (or any amendment or supplement thereto); provided, further, that this indemnity agreement shall not apply to any loss, liability, claim, damage or expense (1) arising from an offer or sale of Registrable Securities occurring during a Deferral Period, if a Deferral Notice was given to such Notice Holder in accordance with Section 8(b), or (2) if the Holder fails to deliver at or prior to the written confirmation of sale, the most recent Prospectus, as amended or supplemented, and such Prospectus, as amended or supplemented, would have corrected such untrue statement or omission or alleged untrue statement or omission of a material fact.

(b) In connection with any Shelf Registration in which a Holder, including, without limitation, the Initial Purchaser, of Registrable Securities is participating, in furnishing information relating to such Holder of Registrable Securities to the Company in writing expressly for use in such Registration Statement, any preliminary prospectus, the Prospectus or any amendments or supplements thereto, the Holders of such Registrable Securities agree, severally and not jointly, to indemnify and hold harmless the Initial Purchaser and each person, if any, who controls the Initial Purchaser within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act and the Company, and each person, if any, who controls the Company within the meaning of either such Section, against any and all loss, liability, claim, damage and expense described in the indemnity contained in subsection (a) of this Section, as incurred, but only with respect to untrue statements or omissions, or alleged untrue statements or omissions, made in the Registration Statement (or any amendment thereto), or any preliminary prospectus or the Prospectus (or any amendment or supplement thereto) in reliance upon and in conformity with written information furnished to the Company by or on behalf of such Holder of Registrable Securities (which also acknowledges the indemnity provisions herein) or any person, if any, who controls any such Holder of Registrable Securities expressly for use in the Registration Statement (or any amendment thereto) or such preliminary prospectus or the Prospectus (or any amendment or supplement thereto).

The Initial Purchaser agrees to indemnify and hold harmless the Company, the Holders of Registrable Securities, and each person, if any, who controls the Company or any Holder of Registrable Securities within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act against any and all loss, liability, claim, damage and expense described in the indemnity contained in subsection (a) of this Section, as incurred, but only with respect to untrue statements or omissions, or alleged untrue statements or omissions, made in the Registration Statement (or any amendment thereto), or any preliminary prospectus or the Prospectus (or any amendment or supplement thereto) in reliance upon and in conformity with written information furnished to the Company by the Initial Purchaser expressly for use in the Registration Statement (or any amendment thereto) or such preliminary prospectus or the Prospectus (or any amendment or supplement thereto).

(c) Each indemnified party shall give notice as promptly as reasonably practicable to each indemnifying party of any action commenced against it in respect of which indemnity may be sought hereunder, but failure to so notify an indemnifying party shall not relieve such indemnifying party from any liability hereunder to the extent it is not materially prejudiced as a result thereof and in any event shall not relieve it from any liability which it may

have otherwise than on account of this indemnity agreement. The indemnifying party, upon request of the indemnified party, shall retain counsel reasonably satisfactory to the indemnified party to represent the indemnified party and any others the indemnifying party may designate in such proceeding and shall pay the fees and disbursements of such counsel related to such proceeding. In any such proceeding, any indemnified party shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such indemnified party unless (i) the indemnifying party and the indemnified party shall have mutually agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include both the indemnifying party and the indemnified party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them. It is understood that the indemnifying party shall not, in respect of the legal expenses of any indemnified party in connection with any proceeding or related proceedings in the same jurisdiction, be liable for (a) the fees and expenses of more than one separate firm (in addition to any local counsel), whose fees must be reasonable, for the Initial Purchaser, Holders of Registrable Securities, and all persons, if any, who control the Initial Purchaser or Holders of Registrable Securities within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act, collectively (b) the fees and expenses of more than one separate firm (in addition to any local counsel), whose fees must be reasonable, for the Company and each person, if any, who controls the Company within the meaning of either such Section, and that all fees and expenses payable under (a) and (b) above shall be reimbursed as they are incurred. In the case of any such separate firm for the Initial Purchaser, Holders of Registrable Securities, and control persons of the Initial Purchaser and Holders of Registrable Securities, such firm shall be designated in writing by the Initial Purchaser. In the case of any such separate firm for the Company and control persons of the Company, such firm shall be designated in writing by the Company. The indemnifying party shall not be liable for any settlement of any proceeding effected without its written consent, but if settled with such consent or if there be a final non-appealable judgment for the plaintiff, the indemnifying party agrees to indemnify the indemnified party from and against any loss or liability by reason of such settlement or judgment. No indemnifying party shall, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever in respect of which indemnification or contribution could be sought under this Section 6 (whether or not the indemnified parties are actual or potential parties thereto), unless such settlement, compromise or consent (i) includes an unconditional release of each indemnified party from all liability arising out of such litigation, investigation, proceeding or claim and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party.

(d) If at any time an indemnified party shall have requested an indemnifying party to reimburse the indemnified party for fees and expenses of counsel, such indemnifying party agrees that it shall be liable for any settlement of the nature contemplated by Section 6(a)(ii) effected without its written consent if (i) such settlement is entered into more than 45 days after receipt by such indemnifying party of aforesaid request, (ii) such indemnifying party shall have received notice of the terms of such settlement at least 30 days prior to such settlement being entered into and (iii) such indemnifying party shall not have reimbursed such indemnified party in accordance with such request prior to the date of such settlement; provided, that an indemnifying party shall not be liable for any such settlement effected without its consent if such

indemnifying party (1) reimburses such indemnified party in accordance with such request to the extent it considers such request to be reasonable and (2) provides written notice to the indemnified party substantiating the unpaid balance as unreasonable, in each case prior to the date of such settlement.

(e) If the indemnification to which an indemnified party is entitled under this Section 6 is for any reason unavailable to or insufficient although applicable in accordance with its terms to hold harmless an indemnified party in respect of any losses, liabilities, claims, damages or expenses referred to therein, then each indemnifying party shall contribute to the aggregate amount of such losses, liabilities, claims, damages and expenses incurred by such indemnified party, as incurred, in such proportion as is appropriate to reflect the relative fault of the indemnifying party or parties on the one hand and of the indemnified party on the other hand in connection with the statements or omissions which resulted in such losses, liabilities, claims, damages or expenses, as well as any other relevant equitable considerations.

The relative fault of the Company on the one hand and the Holders of the Registrable Securities or the Initial Purchaser on the other hand shall be determined by reference to, among other things, whether any such untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by the Company or by the Holder of the Registrable Securities or the Initial Purchaser and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 6(e) were determined by pro rata allocation or by any other method of allocation which does not take account of the equitable considerations referred to above in this Section 6(e). The aggregate amount of losses, liabilities, claims, damages, and expenses incurred by an indemnified party and referred to above in this Section 6(e) shall be deemed to include any out-of-pocket legal or other expenses reasonably incurred by such indemnified party in investigating, preparing or defending against any litigation, or any investigation or proceeding by any governmental agency or body, commenced or threatened, or any claim whatsoever based upon any such untrue or alleged untrue statement or omission or alleged omission.

Notwithstanding the provisions of this Section 6, neither the Holder of any Registrable Securities nor the Initial Purchaser, shall be required to indemnify or contribute any amount in excess of the amount by which the total price at which the Registrable Securities sold by such Holder of Registrable Securities or by the Initial Purchaser, as the case may be, and distributed to the public were offered to the public exceeds the amount of any damages that such Holder of Registrable Securities or the Initial Purchaser has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission.

No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

For purposes of this Section 6(e), each person, if any, who controls the Initial Purchaser or any Holder of Registrable Securities within the meaning of Section 15 of the

Securities Act or Section 20 of the Exchange Act shall have the same rights to contribution as the Initial Purchaser or such Holder, and each person, if any, who controls the Company within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act shall have the same rights to contribution as the Company, as the case may be.

SECTION 7. Information Requirements. The Company covenants that, if at any

time before the end of the Effectiveness Period the Company is not subject to the reporting requirements of the Exchange Act, the Company will cooperate with any Holder of Registrable Securities and take such further reasonable action as any Holder of Registrable Securities may reasonably request in writing (including, without limitation, making such reasonable representations as any such Holder may reasonably request), all to the extent required from time to time to enable such Holder to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 and Rule 144A under the Securities Act and customarily taken in connection with sales pursuant to such exemptions. Upon the written request of any Holder of Registrable Securities, the Company shall deliver to such Holder a written statement as to whether the Company has complied with such filing requirements, unless such a statement has been included in the Company's most recent report required to be filed and filed pursuant to Section 13 or Section 15(d) of Exchange Act. Notwithstanding the foregoing, nothing in this Section 7 shall be deemed to require the Company to register any of its securities under any section of the Exchange Act.

SECTION 8. Miscellaneous; No Conflicting Agreements. The Company is not, as

of the date hereof, a party to, nor shall the Company, on or after the date of this Agreement, enter into, any agreement with respect to its securities that conflicts with the rights granted to the Holders of Registrable Securities in this Agreement. The Company represents and warrants that the rights granted to the Holders of Registrable Securities hereunder do not in any way conflict with the rights granted to the holders of the Company's other issued and outstanding securities under any other agreements.

(a) Amendments and Waivers. The provisions of this Agreement,

including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the provisions hereof may not be given, unless the Company has obtained the written consent of Holders of a majority of the then outstanding Underlying Common Stock constituting Registrable Securities (with Holders of LYONS deemed to be the Holders, for purposes of this Section, of the number of outstanding shares of Underlying Common Stock into which such LYONS are or would be convertible or exchangeable as of the date on which such consent is requested). Notwithstanding the foregoing, a waiver or consent to depart from the provisions hereof with respect to a matter that relates exclusively to the rights of Holders of Registrable Securities whose securities are being sold pursuant to a Registration Statement and that does not directly or indirectly affect the rights of other Holders of Registrable Securities may be given by Holders of at least a majority of the Registrable Securities being sold by such Holders pursuant to such Registration Statement; provided, that the provisions of this sentence may not be amended, modified, or supplemented except in accordance with the provisions of the immediately preceding sentence. Each Holder of Registrable Securities outstanding at the time of any such amendment, modification, supplement, waiver or consent or thereafter shall be bound by any such amendment, modification, supplement, waiver or consent effected pursuant to this Section 8(a), whether or not any notice, writing or marking indicating

such amendment, modification, supplement, waiver or consent appears on the Registrable Securities or is delivered to such Holder.

(b) Notices. All notices and other communications provided for or

permitted hereunder shall be made in writing by hand delivery, by telecopier, by courier guaranteeing overnight delivery or by first-class mail, return receipt requested, and shall be deemed given (i) when made, if made by hand delivery, (ii) upon confirmation, if made by telecopier, (iii) one (1) Business Day after being deposited with such courier, if made by overnight courier or (iv) on the date indicated on the notice of receipt, if made by first-class mail, to the parties as follows:

(w) if to a Holder of Registrable Securities that is not a Notice Holder, at the address for such Holder then appearing in the Registrar (as defined in the Indenture);

(x) if to a Notice Holder, at the most current address given by such Holder to the Company in a Notice and Questionnaire or any amendment thereto;

or to such other address as such person may have furnished to the other persons identified in this Section 8(c) in writing in accordance herewith.

(c) Approval of Holders. Whenever the consent or approval of Holders

of a specified percentage of Registrable Securities is required hereunder, Registrable Securities held by the Company or its affiliates (as such term is defined in Rule 405 under the Securities Act) (other than the Initial Purchaser or subsequent Holders of Registrable Securities if such subsequent Holders are deemed to be such affiliates solely by reason of their holdings of such Registrable Securities) shall not be counted in determining whether such consent or approval was given by the Holders of such required percentage.

(d) Successors and Assigns. Any person who purchases any Registrable

Securities from the Initial Purchaser shall be deemed, for purposes of this Agreement, to be an assignee of the Initial Purchaser. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of each of the parties and shall inure to the benefit of and be binding upon each Holder of any Registrable Securities.

(e) Counterparts. This Agreement may be executed in any number of

counterparts and by the parties hereto in separate counterparts, each of which when so executed shall be deemed to be original and all of which taken together shall constitute one and the same agreement.

(f) Headings. The headings in this Agreement are for convenience of

reference only and shall not limit or otherwise affect the meaning hereof.

(g) Governing Law. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED

IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK.

(h) Severability. If any term, provision, covenant or restriction of

this Agreement is held to be invalid, illegal, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions set forth herein shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby, and the parties hereto shall use their best efforts to find and employ an alternative means to achieve the same or substantially the same result as that contemplated by such term, provision, covenant or restriction, it being intended that all of the rights and privileges of the parties shall be enforceable to the fullest extent permitted by law.

(i) Entire Agreement. This Agreement is intended by the parties as a

final expression of their agreement and is intended to be a complete and exclusive statement of the agreement and understanding of the parties hereto in respect of the subject matter contained herein and the registration rights granted by the Company with respect to the Registrable Securities. Except as provided in the Purchase Agreement, there are no restrictions, promises, warranties or undertakings, other than those set forth or referred to herein, with respect to the registration rights granted by the Company with respect to the Registrable Securities. This Agreement supersedes all prior agreements and undertakings among the parties solely with respect to such registration rights.

(j) Termination. This Agreement and the obligations of the parties

hereunder shall terminate upon the end of the Effectiveness Period, except for any liabilities or obligations

under Sections 4, 5 or 6 hereof and the obligations to make payments of and provide for Liquidated Damages under Section 2(e) hereof to the extent such damages accrue prior to the end of the Effectiveness Period, each of which shall remain in effect in accordance with its terms.

IN WITNESS WHEREOF, the parties have executed this Registration Rights Agreement as of the date first written above.

Ladies and Gentlemen:

We have acted as counsel to Vishay Intertechnology, Inc., a Delaware corporation (the "Company"), in connection with the preparation and filing of a Registration Statement on Form S-3 (the "Registration Statement"), with the Securities and Exchange Commission under the Securities Act of 1933, as amended, for the purpose of registering (i) up to \$550,000,000 aggregate principal amount at maturity of Liquid Yield Option(TM) Notes due 2021 (Zero Coupon--Subordinated) (each, a "Debt Security") issued by the Company on June 4, 2001 and (ii) shares of common stock, par value \$0.10 per share, issuable upon conversion of the Debt Securities (the "Conversion Shares"). The Debt Securities and Conversion Shares are each referred to generally as a "Security" and collectively referred to herein as the "Securities". The Debt Securities have been issued under the Indenture, dated as of June 4, 2001 (the "Indenture"), among the Company and The Bank of New York, as trustee (the "Trustee") which is filed as Exhibit 4.1 to the Current Report of Registrant on Form 8-K filed on June 18, 2001. The Company issued the Debt Securities pursuant to that certain Purchase Agreement, dated as of May 30, 2001, by and between the Company and Merrill Lynch & Co., Merrill Lynch, Pierce, Fenner & Smith Incorporated. The Debt Securities and the Conversion Shares are to be offered and sold by certain securityholders of the Company.

We have made such inquiries and reviewed such documents and records as we have deemed necessary to enable us to express an opinion on the matters covered hereby, and we have also examined and relied upon representations, statements or certificates of public officials and officers and representatives of the Company.

Based upon the foregoing, we are of the opinion that:

1. The Debt Securities have been legally issued and constitute the binding obligations of the Company, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equitable principles.

2. The Conversion Shares have been duly authorized and reserved and, when delivered upon conversion of the Debt Securities as in accordance with their terms and contemplated in the Prospectus which form a part of the Registration Statement (the "Prospectus"), will be legally issued, fully paid, and non-assessable.

We express no opinion with respect to the laws of any jurisdiction other than the federal laws of the United States, the laws of the State of New York and the General Corporation Law of the State of Delaware.

In rendering this opinion, we have assumed that the Indenture has been duly authorized, executed and delivered by the Trustee and that it constitutes the binding obligation of the Trustee.

This opinion is based upon the laws and legal interpretations and the facts and circumstances in effect on the date hereof, and we assume no obligation to revise or supplement this opinion should any such law or legal interpretation be changed by legislative action, judicial interpretation or otherwise or should there be any change in such facts and circumstances.

We hereby consent to the use of this opinion as Exhibit 5.1 to the Registration Statement and to the reference to our name in the Registration Statement and the Prospectus. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act of 1933.

Very truly yours,

Re: Vishay Intertechnology, Inc.
\$550,000,000 Liquid Yield Option Notes due 2021

Ladies and Gentlemen:

We have acted as counsel to Vishay Intertechnology, Inc., a Delaware corporation (the "Company"), in connection with the preparation and filing of a Registration Statement on Form S-3 (the "Registration Statement"), with the Securities and Exchange Commission under the Securities Act of 1933, as amended, for the purpose of registering (i) up to \$550,000,000 aggregate principal amount at maturity of Liquid Yield Option(TM) Notes due 2021 (Zero Coupon--Subordinated) (the "LYONs") issued by the Company on June 4, 2001 under an indenture between the Company and The Bank of New York, as trustee, dated as of June 4, 2001 (the "Indenture") and (ii) shares of common stock, par value \$0.10 per share, issuable upon conversion of the LYONs.

In connection with our opinion, we have examined the Indenture, the Prospectus which forms a part of the Registration Statement (the "Prospectus") and such other documents and instruments, and have examined such laws and regulations, as we have deemed necessary for the purposes of this opinion. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to the original documents of all documents submitted to us as copies and the authenticity of the originals of such latter documents.

This opinion is based on relevant provisions of the Internal Revenue Code of 1986, as amended, the Treasury Regulations issued thereunder, court decisions and administrative determinations as currently in effect, all of which are subject to change, prospectively or retrospectively, at any time. This opinion is rendered as of the date hereof, and we undertake no obligation to update or supplement this opinion to reflect any changes in laws that may occur after the date hereof.

Based on the foregoing, the information in the Prospectus under the caption "Certain United States Federal Income Tax Consequences," while not purporting to discuss all possible income tax matters relating to the LYONS, is, in all material respects, a correct summary of the United States Federal income tax matters referred to therein relating to the LYONS.

We hereby consent to the use of this opinion as Exhibit 8 to the Registration Statement and to the reference to our name in the Registration Statement and the Prospectus under the caption "Certain United States Federal Income Tax Consequences". In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act of 1933.

The foregoing opinion is limited to the United States Federal income tax matters addressed herein, and no other opinions are rendered with respect to other Federal tax or other matters or to any issues arising under the tax laws of any other country or any state or locality. This opinion letter is solely for the information and use of the addressee, and it may not be distributed, relied upon for any purpose by any other person, quoted in whole or in part or otherwise reproduced in any document or filed with any governmental agency without our express written consent.

Very truly yours,
